TIDE TURNS TOWARD BRITISH IN FOUR-DAY BATTLE OF CRETE

Crowded Boatloads of Nazi Troops Being Blasted to Bits

TERRIFIC CONFLICT IS WAGING BETWEEN THE FLEET AND BOMBERS

BULLETIN

Cairo, Egypt, May 23—(P)—German air-borne detachments both Candia and Retimo have been accounted for in fierce hand-to-hand fighting and the situation now is satisfactory at both those places on the Nazi-invasion island of Crete, the British general headquarters reported today. In the Malemi airfield sector, a British counter-attack yesterday was reported partly successful, but later in the day was held because the Germans had been able to land considerable reinforcements by air in the area, which is 10 miles southwest of Candia, the island capital. The Germans took Malemi yesterday. Candia, largest city on Crete, is approximately in mid-island, about 80 miles east of Retimo.

By the Associated Press

Fiercely counter-attacking British troops were reported to have landed a definite edge over Adolf Hitler's aerial invaders in the four-day-old battle of Crete today, with the severest fighting centering around Malemi airport, 10 miles south of Candia, the Crete capital.

Military sources in Cairo, headquarters of the British Middle East command, said British naval guns were shattering German attempts to land troops by sea.

On the Mediterranean island itself, the British said, the Germans had landed only a single "descent" foothold in the Malemi sector. Elsewhere, a trend was pictured as slowly turning to Britain's advantage, despite swarms of Nazi "chutists" and other aerial troops dropping from the clouds.

As long as the British fleet can ward off sea-borne landings, it was said, there is a chance that the invasion will fail.

Virginia Gayda, Fascist editor, said in the Rome newspaper Il Giornale D'Italia that the British warships engaged in the defense of Crete included at least five big battleships, two aircraft carriers, and a powerful group of cruisers and destroyers.

A London spokesman described the British position as being "certainly as satisfactory as it was 24 hours ago."

Cairo dispatches said crowded boatloads of Nazi troops trying to land on Crete had been "blasted to bits" by British naval guns amid a desperate battle between the British fleet and the German Luftwaffe's heavy bombers.

Drive-damers was said to have been inflicted on a 30-boat Axis convoy, and Italian ships were seen picking up survivors.

Meanwhile, French Vice Premier Admiral Jean Darlan denied that French troops would return to the war as active allies of Germany.

In a speech emphasizing that France was a defeated nation, Darlan told his conversations with Adolf Hitler.

A contrasting note was sounded in London, where a British war correspondent declared that the British seized the 13,467-ton oil tanker Sheherazade because of the imminence of a battle between Great Britain and Vichy.

The spokesman's statement emphasized the grim warning voiced yesterday by Foreign Secretary Anthony Eden, who said bluntly that Britain would attack France unless Chief of State Philippe Pétain eased his policy of collaboration with Germany.

Authoritative quarters in London said the struggle for Crete was being fought at full fury, with a hundred paratroopers fighting simultaneously on the 160-mile-long island.

Paratroopers, gliders and tanks were transported by sea, and were being landed by night.

"There are no lines of communication... no front line or reserve position... It is every man for himself," said a British spokesman describing the weird conflict.

Up to dusk last night, it was said, the Germans had still failed in repeated attempts to land seaborne troops.

London military quarters declared the situation was "satisfactory" at Candia, in central Crete, where the Germans gained a foothold yesterday.

In Berlin, the German press asserted that Air Marshal Hermann Göring's Luftwaffe had struck the heaviest blow of the war against Britain's sea power in a battle which cost the British four cruisers and to the bottom and "several" destroyers.

The locale of the action was not disclosed.

Mixed Comedy Sales Talk Film Steps Up Savings Bond Sales

Washington, May 23—(P)—The treasury's defense savings bond sales campaign stepped up in tempo today with a mixed comedy-sales talk film on the screens of 15,000 motion picture theaters throughout the nation.

Officials also disclosed plans for a one-hour radio program and other new broadcast stunts.

Since the campaign started May 1, the only systematic promotion of the bond and stamp sales had been through one-minute radio announcements and placards.

Sales in the first 17 days totaled more than \$250,000,000 and were pronounced "extremely satisfactory" by Secretary Morgenthau, in answer to a statement by Rep. Crawford (R-Mich.) that the program was failing.

The movie released today was the first of 10 which have been completed at the expense of the motion picture industry and donated to the treasury.

ACE SUBMARINE COMMANDER OF REICH MISSING

Berlin, May 23—(P)—German submarines have sent 110,000 tons of British shipping to the bottom of the Atlantic in recent operations, the Nazi High Command said today, but it acknowledged that Germany's ace U-boat commander, Günther Prien, has been given up for lost with his ship.

Nine of the British ships sunk were picked out of one convoy bound for England, the war bulletin said, and accounted for 70,900 tons.

Among them, it listed three tankers of 8,000, 10,000 and 13,000 tons and a "heavily laden munitions steamer of 7,000 tons."

Another 38,000 tons of merchant shipping was said to have been taken by submarines in lone attacks and, in waters west of Africa, submarines sank 21,400 tons, the communique said.

The losses inflicted off the African coast were said by other sources also to have been sunk out of a convoy. These also credited air attack with sinking a 3,000-ton merchant vessel.

A submarine under Commander Günther Prien has failed to return from its last cruise against the enemy, the communique disclosed.

"Loss of this boat appears certain. Commander Prien, hero of Scapa Flow who has been decorated by the fuhrer with Oak Leaves to the Knights Cross of the Iron Cross in recognition of his exploits," the communique said.

STATUS OF COLONIES IS FIXED

Diplomatic Spotlight on Potential Danger Points in New and Closer "Collaboration" Between France and Germany Shifts From Western Hemisphere to French Possessions in Africa

DARLAN SAYS FRANCE WILL RETAIN FLEET

By Lloyd Lehrbas

Washington, May 23—(P)—The diplomatic spotlight on potential danger points in new and closer "collaboration" between France and Germany today shifted from the western hemisphere to French possessions in Africa and the Near East.

The United States has received specific and official assurance from Vichy and Martinique. It was learned that French "cooperation" with the Nazis will not extend to the western hemisphere and that the status of Martinique and other colonies on this side of the Atlantic remains unchanged.

However, no declaration has been received from the Vichy government, it was said, which provides adequate assurance that France will confine its future "collaboration" with Germany strictly to its armistice obligations.

Officials here emphasized that France's action in permitting German warplanes to utilize Syrian airfields for attacks on the British in Iraq provided a "disturbing example" of the aid the Vichy government might give Germany in Dakar, Morocco, Algiers, Tunisia, or even in unoccupied France.

The United States, it was said, (Turn to Page Eight)

ACCIDENT NEAR INDIANTOWN GAP IS FATAL TO TWO

Truck Load of Soldiers from Headquarters Company of 112th Infantry Crashes Into Stone Wall at Gettysburg Battlefield

SIX OTHERS INJURED

Gettysburg, May 23—(P)—Two Pennsylvania soldiers from the Indiantown Gap reservation were killed and six others injured early today when an automobile which failed to stop forced their truck off the highway and into a stone wall at the Gettysburg Civil War battlefield.

The dead: Staff Sergeant Clarence Townbridge, 29, of Grove City, father of three, skull fracture; Private John W. Large, 22, Meadville, Pa., crushed chest and skull fracture.

The injured: Sergeant Clyde J. Gill, 29, Grove City, concussion and lacerations about the forehead; Sergeant John P. Bollinger, 22, Grove City, concussion, cuts on the head and possible rib fractures; Corporal Donald H. Wadsworth, 22, Grove City, scalp lacerations, bruises about the shoulder and legs; Sergeant Colin A. Nurse, 28, Sharon, right arm injury; Private Frank Krafchick, 35, Pardon Mercy county, leg bruises; Corporal Jesse E. Sowers, 26, Sharon, chest and leg hurts.

The soldiers with their Headquarters Company of the 112th Infantry and two other companies were here for overnight maneuvers which were called off due to a storm.

MINE BLAST IN INDIANA TAKES A HEAVY TOLL

At Least Fourteen Workmen Trapped in Explosion Near Bicknell Known to Be Dead As Rescuers Attempt to Reach Others

GAS GIVEN AS CAUSE

Bicknell, Ind., May 23—(P)—The bodies of 14 miners killed by an explosion in the Panhandle mine near here were brought to the surface today one by one.

Seventeen other men working on the same level emerged safely from the underground workings by a circuitous 2½ mile route after the explosion last night. Most of the bodies were burned badly.

Jack Ogilvie of Bicknell, in charge of the mine rescue squad, expressed belief gas or a mixture of gas and dust became ignited in some manner. He said part of the level was damaged badly, with timbers and other debris hampering rescue work.

The rescuers, aided by oxygen masks, brought out the bodies of Charles Wright and James Smith to the surface soon after the explosion. They were not burned.

They had to wait for the gas to clear before being able to reach the others.

Charles Messel, a miner working on the same vein but 1,000 feet away, said he and the men around him didn't realize what had happened as no blasting was scheduled for last night.

Motorman Beany Hughes then saw smoke rolling down the level and the group started for the shaft. Fumes and coal dust became so thick they had to turn off to one side and follow a long 2½ mile route to the opening.

"Dust flew up in front of us and our eardrums thumped," said loader Quince Hardesty. "It was like walking through hell's half acre to get out."

THREE DEAD IN SEVERE STORMS IN PENNSYLVANIA

Forecast of Showers and Cooler Weather Augurs Quick End of Record Heat Wave That Has Gripped the State for Two Days

FISHERMAN IS KILLED

By the Associated Press

A forecast of showers and cooler weather augurs a quick end today of a two-day Pennsylvania heat wave climaxed by severe electrical storms that killed three persons in sweeping eastward across the state late yesterday and last night.

Lightning struck the kitchen and mess hall of Battery B, 107th field artillery at the Indiantown Gap Military post while the battery was at mess, knocking three Pittsburgh soldiers unconscious. They were quickly revived.

The lightning went down the chimney to the kitchen range, and followed the stove leg to the cement floor.

The brief spring storms hit hardest in Pittsburgh, with lightning, hail, rain and a heavy wind which blew down trees on two men and a boy huddled against a storage building along (Turn to Page Thirteen)

CONVENTION OF BANKERS ENDS

Atlantic City, N. J., May 23—(P)—Dr. Harold Stonier of Washington, D. C., executive manager of the American Bankers Association, predicted today "a group of men who are essentially state socialists" would try to use the nation's defense program as "a means of attaining state socialism."

Speaking before the Pennsylvania Bankers Association at the close of its annual convention, Dr. Stonier added:

"These men will try to take over agricultural credit as a political and not as an economic faction. The attempt will be made in the name of defense. Last time they tried it in the name of recovery and failed."

"A group is already formed," Dr. Stonier added, "to go into action as soon as the defense loan gets financially more burdensome to hold down the issue of government bonds and to pay off present bonds with currency issued for that purpose."

Archibald D. Swift, president of Philadelphia's Central Penn. National Bank, was elected president of the Pennsylvania Bankers Association to succeed W. Elbridge Brown of Clearfield.

John H. Evans of Sharon, Pa., was elected vice-president, and John H. Dillon of Altoona was chosen treasurer for the coming year.

BAER HAS 35-POUND OVER CHAMPION

Washington, May 23—(P)—Buddy Baer had a 35½ pound weight edge on Joe Louis today when they weighed in for their heavyweight title bout in Griffith Stadium tonight.

The challenger tipped the beam at 237½ pounds while Louis scaled 201½.

After the weigh-in the District of Columbia boxing commission physicians Dr. Marvin McLean and Dr. C. H. Marshall, examined the two fighters.

Except for a brief "hello" no words passed between the two.

Capacity Crowd Applauds "No. 1 Homemaker" and Gift Presentations at Close of Times-Mirror Profitable Course

FAREWELL PARTY

Cooking School days are over, but dividend days are just starting.

Through the excitement the merriment and the good-natured applause of the Times-Mirror's gala "graduation day," shone the realization that substantial benefits from the constructive household arts course will continue long after the model kitchen in the Y. W. C. A. activities building is dismantled.

Mrs. Katherine Baldrige lived up to her promise to make the final culinary forum a real party. But in spite of the Christmas-tree heap of gifts, the tempting foods, and the responsive crowd, "Dear Teacher" made every minute count, conscious of her responsibility as hostess and No. 1 homemaker.

She decorated a party cake, answered a round-up of last-minute questions, acknowledged written and verbal tributes from appreciative guests and added some shopping tips for good measure, with the friendly interest that has endeared her to the attentive audiences this week.

"It's as easy as pie." No longer content that this old adage refers to the eating, for Mrs. Baldrige revealed her pupils once again in each step of the modern pastry method.

Clearly and patiently she demonstrated the "Do's" and the "Don'ts" of pie making, pointing out that digestibility depends on correct methods and pure ingredients. Gentlemen who prefer pie should cheer unanimously for Mrs. Baldrige.

The impressive gift line formed at the right. No gifts were left small wonder that the thrilled watchers alternately held their breath, or buzzed with excitement as the eagerly-awaited names were announced.

OVERWHELMING VOTE FOR CIO IN FORD ELECTION

All That Remains to Confirm United Automobile Workers' Victory in the Largest Employee Election Is Certification to the N. L. R. B.

TOTALS INTERESTING

Detroit, May 23—(P)—The United Automobile Workers (CIO) declaring itself "ready to draw a curtain on the past," planned today to begin collective bargaining negotiations "immediately" with the Ford Motor Co., last of the automotive industry's "big three" to come within the union's scope.

All that remained to confirm the UAW-CIO victory in the largest employee election of National Labor Relations Board history was certification by the NLRB at Washington.

Frank H. Bowen, NLRB regional director, estimated the winning union would be designated in 10 days.

R. J. Thomas, UAW-CIO president, said that in addition to "adequate recognition," the union would seek a 10-cent hourly wage boost, "a system of seniority to govern" (Turn to Page Thirteen)

Philadelphia, May 3 (P)—Retired U. S. Circuit Court Judge J. Warren Davis and Morgan S. Kaufman, on trial charged with conspiracy to obstruct justice and defraud the government, will testify in their own behalf "if necessary," Chief Defense Counsel William A. Gray announced.

This disclosure came as the prosecution yesterday paraded witnesses to the stand to support claims it could trace five \$1,000 bills from one-time movie Magnate William Fox to Judge Davis.

The government charges the money was part of \$7,500 Fox said he gave the veteran jurist in unsecured loans during the bankrupt movie figure's bankruptcy litigation. The prosecution contends the loans were favors to influence judicial decisions. Fox has pleaded guilty and is awaiting sentence.

His daughter, Belle, testified she gave her father \$15,000 on one occasion and \$12,500 on another in 1936. The \$12,500 she gave her father, included a dozen \$1,000 bills, said the witness.

STRIKE AT SHIPYARD IS PROBED

Chairman Emory S. Land, of the Maritime Commission Advocates Before Senate Defense Investigating Committee Use of United States Force to Break Up Dispute That Has Tied Up Work at Eleven Plants

BOARD ENTERS SOFT COAL WAGE DISPUTE

Washington, May 23—(P)—Chairman Emory S. Land of the Maritime Commission advocated before the Senate defense investigating committee today the use of United States forces to break up a strike of union machinists which had tied up work at 11 shipbuilding plants in the San Francisco area.

Testifying in the committee's inquiry into the strike, Land said he thought the government ought to use any forces it has at hand to enforce its right to continue work on the ships, which he described as "the most dire need in the world today."

"I believe there is justification," Land said, "for every possible step the government can take up to and including the use of United States forces—heavy state or national troops—to take off this picket line so that the people there can go to work."

Eleven shipyards in the San Francisco bay area were closed nearly two weeks ago when CIO and AFL machinists struck for double overtime and wages of \$1.15 an hour, compared with time and a half overtime and \$1.12 an hour offered by the companies.

On Wednesday, some AFL ship craftsmen made a march back to work, though machinists picket lines at two of the shipyards. Yesterday many trucks manned by uniformed sailors and marines took some 600 workers through the lines.

The 11 yards hold \$500,000,000 worth of defense orders. Renewed its efforts today to settle the soft coal dispute, with representatives of both the CIO's United Mine Workers and southern operators silent on the prospects for agreement.

John L. Lewis, the mine workers president, led the delegation which seeks a contract to eliminate the long-standing wage differential between northern and southern areas.

W. H. Davis, chairman of the panel, summoned only the two groups to today's discussion and scheduled another tomorrow between the union and the northern group.

Northern operators have signed a contract providing for a basic wage of \$7 a day, an increase of \$1, but it is contingent upon the southern conference meeting the same figure. Southern mines now are operating on a temporary agreement of \$6.69 a day, a \$1 increase over previous rates.

Coal experts said there is only 10 or 15 days coal supply above ground.

Meanwhile new labor troubles sprang up in other divisions of American industry.

At Least Fourteen Workmen Trapped in Explosion Near Bicknell Known to Be Dead As Rescuers Attempt to Reach Others

GAS GIVEN AS CAUSE

Bicknell, Ind., May 23.—(P)—The bodies of 14 miners killed by an explosion in the Panhandle mine near here were brought to the surface today one by one.

Seventeen other men working on the same level emerged safely from the underground workings by a circuitous 2½ mile route after the explosion last night. Most of the bodies were burned badly.

Jack Ogilvie of Bicknell, in charge of the mine rescue squad, expressed belief gas or a mixture of gas and dust became ignited in some manner. He said part of the level was damaged badly, with timbers and other debris hampering rescue work.

The rescuers, aided by oxygen masks, brought out the bodies of Charles Wright and James Smith to the surface soon after the explosion. They were not burned. They had to wait for the gas to clear before being able to reach the others.

Charles Messel, a miner working on the same vein but 1,000 feet away, said he and the men around him didn't realize what had happened as no blasting was scheduled for last night.

Motorman Benmy Hughes then saw smoke rolling down the level and the group started for the shaft. Fumes and coal dust became so thick they had to turn off to one side and follow a long 2½ mile route to the opening.

"Dust flew up in front of us and our eardrums thumped," said leader Quince Hardesty. "It was like walking through hell's half acre to get out."

ACCIDENT NEAR INDIANTOWN GAP IS FATAL TO TWO

Truck Load of Soldiers from Headquarters Company of 112th Infantry Crashes Into Stone Wall at Gettysburg Battlefield

SIX OTHERS INJURED

Gettysburg, May 23.—(P)—Two Pennsylvania soldiers from the Indiantown Gap reservation were killed and six others injured early today when an automobile which failed to stop forced their truck off the highway and into a stone wall at the Gettysburg Civil War battlefield.

The dead: Staff Sergeant Clarence Trowbridge, 29, of Grove City, father of three, skull fracture; Private John W. Large, 22, Mercer R. D. 2, crushed chest and skull fracture.

The injured: Sergeant Clyde J. Gill, 29, Grove City, concussion and lacerations about the forehead; Sergeant John P. Bollinger, 22, Grove City, concussion, cuts on the head and possible rib fractures; Corporal Donald H. Wadsworth, 22, Grove City, scalp lacerations, bruises about the shoulder and legs; Sergeant Colin A. Nurse, 28, Sharon, right arm injury; Private Frank Krafcheck, 25, Pardoe, Mercer county, leg bruises; Corporal Jesse E. Sowers, 26, Sharon, chest and leg hurts.

The soldiers with their Headquarters Company of the 112th Infantry and two other companies were here for overnight maneuvers which were called off due to a storm.

CONVENTION OF BANKERS ENDS

Atlantic City, N. J., May 23.—(P)—Dr. Harold Stonier of Washington, D. C., executive manager of the American Bankers Association, predicted today "a group of men who are essentially state socialists" would try to use the nation's defense program as "a means of attaining state socialism."

Speaking before the Pennsylvania Bankers Association at the close of its annual convention, Dr. Stonier added:

"These men will try to take over agricultural credit as a political and not as an economic faction. The attempt will be made in the name of defense. Last time they tried it in the name of recovery and failed."

"A group is already formed," Dr. Stonier added, "to go into action as soon as the defense load gets financially more burdensome to hold down the issue of government bonds and to pay off present bonds with currency issued for that purpose."

Archibald D. Swift, president of Philadelphia's Central-Penn National Bank, was elected president of the Pennsylvania Bankers Association to succeed W. Elbridge Brown of Clearfield.

John H. Evans of Sharon, was elected vice-president, and John H. Dillon of Altoona was chosen treasurer for the coming year.

STATUS OF COLONIES IS FIXED

Diplomatic Spotlight on Potential Danger Points in New and Closer "Collaboration" Between France and Germany Shifts From Western Hemisphere to French Possessions in Africa

DARLAN SAYS FRANCE WILL RETAIN FLEET

By LLOYD LEHRBAS

Washington, May 23.—(P)—The diplomatic spotlight on potential danger points in new and closer "collaboration" between France and Germany today shifted from the western hemisphere to French possessions in Africa and the Near East.

The United States has received specific and official assurance from Vichy and Martinique, it was learned, that French "cooperation" with the Nazis will not extend into the western hemisphere and that the status of Martinique and other colonies on this side of the Atlantic remains unchanged.

However, no declaration has been received from the Vichy government, it was said, which provides adequate assurance that France will confine its future "collaboration" with Germany strictly to its armistice obligations.

Officials here emphasized that France's action in permitting German warplanes to utilize Syrian airfields for attacks on the British in Iraq provided a "disturbing example" of the aid the Vichy government might give Germany in Dakar, Morocco, Algiers, Tunisia—or even in unoccupied France.

The United States, it was said (Turn to Page Eight)

THREE DEAD IN SEVERE STORMS IN PENNSYLVANIA

Forecast of Showers and Cooler Weather Augurs Quick End of Record Heat Wave That Has Gripped the State for Two Days

FISHERMAN IS KILLED

By the Associated Press

A forecast of showers and cooler weather augured a quick end today of a two-day Pennsylvania heat wave climaxed by severe electrical storms that killed three persons in sweeping eastward across the state late yesterday and last night.

Lightning struck the kitchen and mess hall of Battery B, 107th field artillery at the Indiantown Gap Military post while the battery was at mess, knocking three Pittsburgh soldiers unconscious. They were quickly revived.

The lightning went down the chimney to the kitchen range, and followed the stove leg to the cement floor.

The brief spring storms hit hardest in Pittsburgh, with lightning, hail, rain and a blasting wind. A brick wall collapsed upon two men and a boy huddled against a storage building along (Turn to Page Thirteen)

BAER HAS 35-POUND OVER CHAMPION

Washington, May 23.—(P)—Buddy Baer had a 35½ pound weight edge on Joe Louis today when they weighed in for their heavyweight title bout in Griffith Stadium tonight.

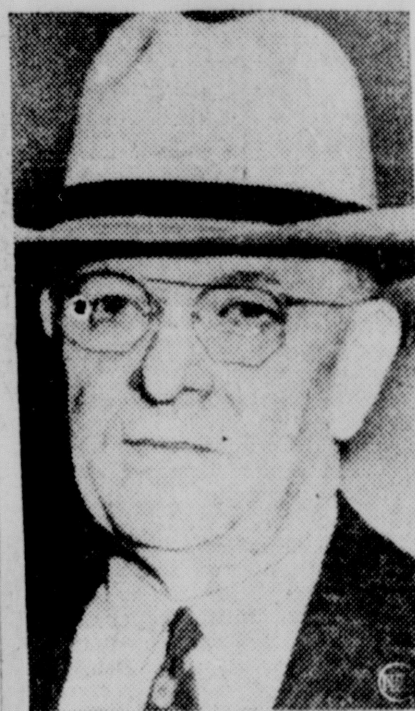

The challenger tipped the beam at 237½ pounds while Louis scaled 201½.

After the weigh-in the District of Columbia boxing commission physicians Dr. Marvin McLean and Dr. C. H. Marshall, examined the two fighters.

Except for a brief "hello" no words passed between the two.

Dividend Days Follow Final Gala Class In Popular Cooking School

Capacity Crowd Applauds "No. 1 Homemaker" and Gift Presentations at Close of Times-Mirror Profitable Course

FAREWELL PARTY

Cooking School days are over, but dividend days are just starting.

Through the excitement the merriment and the good-natured applause of the Times-Mirror's gala "graduation day," shone the realization that substantial benefits from the constructive household arts course will continue long after the model kitchen in the Y. W. C. A. activities building is dismantled.

Mrs. Katherine Baldrige lived up to her promise to make the final culinary forum a real party. But in spite of the Christmas-tree heap of gifts, the tempting foods, and the responsive crowd, "Dear Teacher" made every minute count, conscious of her responsibility as hostess and No. 1 homemaker.

She decorated a party cake, answered a round-up of last-minute questions, acknowledged written and verbal tributes from appreciative guests and added some shopping tips for good measure, with the friendly interest that has endeared her to the attentive audiences this week.

"It's as easy as pie." No longer can Cooking School "grads" contend that this old adage refers to the eating, for Mrs. Baldrige reviewed her pupils once again in each step of the modern pastry method.

Clearly and patiently she demonstrated the "Do's" and the "Don'ts" of pie making, pointing out that digestibility depends on correct methods and pure ingredients. Gentlemen who prefer pie should cheer unanimously for Mrs. Baldrige.

The impressive gift line formed at the right. No gifts were left. Small wonder that the thrilled watchers alternately held their breath, or buzzed with excitement as the eagerly-awaited names were announced.

OVERWHELMING VOTE FOR CIO IN FORD ELECTION

All That Remains to Confirm United Automobile Workers' Victory in the Largest Employee Election is Certification to the N. L. R. B.

TOTALS INTERESTING

Detroit, May 23.—(P)—The United Automobile Workers (UAW), declaring itself "ready to draw a curtain on the past," planned today to begin collective bargaining negotiations "immediately" with the Ford Motor Co., last of the automotive industry's "big three" to come within the union's scope.

All that remained to confirm the UAW-CIO victory in the largest employee election of National Labor Relations Board history was certification by the NLRB at Washington. Frank H. Bowen, NLRB regional director, estimated the winning union would be designated in 10 days.

R. J. Thomas, UAW-CIO president, said that in addition to "adequate recognition," the union would seek a 10-cent hourly wage boost, "a system of seniority to govern (Turn to Page Thirteen)

ACCUSED JUDGE MAY TAKE STAND

Philadelphia, May 23.—(P)—Retired U. S. Circuit Court Judge J. Warren Davis and Morgan S. Kaufman, on trial charged with conspiracy to obstruct justice and defraud the government, will testify in their own behalf "if necessary," Chief Defense Counsel William A. Gray announced.

This disclosure came as the prosecution yesterday paraded witnesses to the stand to support claims it could trace five \$1,000 bills from one-time Movie Magnate William Fox to Judge Davis.

The government charges the money was part of \$7,500 Fox said he gave the veteran jurist in unsecured loans during the bankrupt movie figure's bankruptcy litigation. The prosecution contends the loans were favors to influence judicial decisions. Fox has pleaded guilty and is awaiting sentence.

His daughter, Belle, testified she gave her father \$15,000 on one occasion and \$12,500 on another in 1936, the approximate time he said Kaufman was handed the larger amount to give Davis and the other was presented the jurist personally. The \$12,500 she gave her father, included a dozen \$1,000 bills, said the witness.

STRIKE AT SHIPYARD IS PROBED

Chairman Emory S. Land, of the Maritime Commission Advocates Before Senate Defense Investigating Committee Use of United States Force to Break Up Dispute That Has Tied Up Work at Eleven Plants

BOARD ENTERS SOFT COAL WAGE DISPUTE

Washington, May 23.—(P)—Chairman Emory S. Land of the Maritime Commission advocated before the Senate defense investigating committee today the use of United States forces to break up a strike of union machinists which had tied up work at 11 shipbuilding plants in the San Francisco area.

Testifying in the committee's inquiry into the strike, Land said he thought the government ought to use any forces it has at hand to enforce its right to continue work on the ships, which he described as "the most dire need in the world today."

"I believe there is justification," Land said, "for every possible step the government can take up to and including the use of United States forces—be they city, state or national—to take off this picket line so that the people there can go to work."

Eleven shipyards in the San Francisco bay area were closed nearly two weeks ago when CIO and AFL machinists struck for double overtime and wages of \$1.15 an hour, compared with time and a half overtime and \$1.12 an hour offered by the companies.

On Wednesday, some AFL ship craftsmen led a march back to work, through machinists' picket lines at two of the struck yards. Yesterday many trucks manned by uniformed sailors and marines took some 600 workers through the lines.

The 11 yards hold \$500,000,000 worth of defense orders. Renewed its efforts today to settle the soft coal dispute, which representatives of both the CIO's United Mine Workers and southern operators silent on the prospects for agreement.

John L. Lewis, the mine workers president, led the delegation which seeks a contract to eliminate the long-standing wage differential between northern and southern areas.

W. H. Davis, chairman of the panel, summoned only the two groups to today's discussion and scheduled another tomorrow between the union and the northern group.

Northern operators have signed a contract providing for a basic wage of \$7 a day, an increase of \$1, but it is contingent upon the southern conference meeting the same figure. Southern mines now are operating on a temporary agreement of \$6.60 a day, a \$1 increase over previous rates.

Coal experts said there is only 10 or 15 days coal supply above ground.

Meanwhile new labor troubles sprang up in other divisions of American industry.

At a \$44,100,000 ordnance plant construction job at Radford, Va., 200 AFL electrical workers who (Turn to Page Thirteen)

Party Heads in Both House and Senate Concede They Are Unable to Obtain Republican Support to Revise Benefit Act of 1939

WAS A MAJOR PLANK

Harrisburg, May 23.—(P)—Democratic leaders in the legislature wrote off as a lost cause today their proposals to establish higher rates of benefits for injured workmen.

Party heads in both the House and Senate conceded they were unable to obtain Republican support, needed in the upper chamber especially, for a revision of the workmen's compensation act of 1939. The revision was one of the major planks in the Democratic program for the 1941 session.

Plans Completed for Banquet Celebrating 20th Anniversary of Local V. F. W. Post

The twentieth anniversary of the institution of Loten Dinsmoor-Fred Schwab Post, No. 631, Veterans of Foreign Wars of the United States, will be celebrated tomorrow evening with a banquet at 6:30 o'clock at the Y. W. C. A. activities building.

Principal speaker for the occasion will be Congressman James E. Van Zandt, of the 23rd Pennsylvania district, former national commander of the V. F. W.

The ceremonial opening of the post will be used to introduce the banquet. The program will include music by the V. F. W. band, the recounting of reminiscences by the "four-minute men," and selections by a ladies' trio.

Congressman VanZandt, who is on several important committees in the House at Washington, is expected to bring an outstanding message on the activities and discussions in the nation's capital.

The only man in the United States to be elected to three successive terms as commander-in-chief of the national organization of the Veterans of Foreign Wars, during which time he covered every state in the union, Congressman VanZandt is in direct touch with the nation's affairs. A Navy man in the first World War, he crossed the ocean some 19 times conveying troops to France and some 15 years later conducted a good-will expedition of the V. F. W. to Japan.

Invited guests at the banquet will include officers of the fourth district and the Northwestern Counties Council of the V. F. W. A number of local guests also are expected to attend.

Brief Associated Press News-Dispatches

London, May 23.—(P)—British submarines have torpedoed and sunk a 9,000-ton troop ship and a 7,000-ton tanker trying to reach Axis forces in Libya, the admiralty reported today, and probably sank an Italian destroyer.

Bern, Switzerland, May 23.—(P)—The Berlin correspondent of the Gazette de Lausanne quoted a "trustworthy" source in Berlin today as saying that soon after Greece's capitulation President Ismet Inonu of Turkey went to Berlin for conferences looking toward a "final and definite" German-Turkish agreement.

New York, May 23.—(P)—William Bluff, leader of the International Alliance of Theatrical Stage Employees, and George E. Browne, resident of the union, were indicted under the federal anti-racketeering law today and accused of extorting \$550,000 from four leading movie producers and distributors through threats to tie up the entire movie industry with a strike.

Damascus, Syria, May 23.—(P)—A French commander and 200 hunter soldiers have deserted to the British in Palestine and Transjordan after a fight with frontier guards in which a few were killed and wounded on both sides, it was announced officially tonight.

Atlantic City, N. J., May 23.—(P)—The General Federation of Women's Clubs, representing 2,000,000 American women, approved today all necessary aid to the foes of totalitarianism, although warned this might mean convoys to Great Britain.

BUY BUILDINGS FOR EXPANSION OF NEW PROCESS

Announcement was made today
that the New Process Company
has purchased the buildings oc-
cupied by the Pickett Hardware Com-
pany, consisting of the three-story
store building at the corner of
Third avenue and Hickory street,
as well as the three-story ware-
house at the rear of the store
building on Third avenue.

The New Process Company has
occupied the second and third floors
of the store building on a rental
basis for the past seven and a half
years. The balance of the build-
ings just acquired will be used by
the mail order house for storage
and shipping space to take the
place of building on Pennsylvania
avenue, west, which the company
has occupied for some years on a
rental basis.

It is thought that the new build-
ings just acquired, being just
across the street from the main
mail order plant, will make for
greater convenience and economy
of operation, company officials
said.

"The Devil And Miss Jones"

Teaming three leading favorites

of the screen for the first time

"The Devil and Miss Jones" marks

Jean Arthur's return to gay com-
edy after her recent portrayal of
a Western heroine in "Arizona."

Robert Cummings and Charles

Coburn have the top featured roles
in the star's new vehicle, in which
she enacts the part of an impu-
sive and warm-hearted schoolgirl in
a huge department store where ro-
mance and personnel troubles go
hand-in-hand.

Cummings, recently seen in
"Spring Parade" and "Miami," has
the lead opposite Miss Arthur as a
very young idealist, while Coburn,
following his roles in "The Lady
Eve" and "In Name Only," plays
the part of a multi-millionaire
who adopts an alias to investigate
an employees' revolt in his store.

The relationship of this oddly-
assorted trio leads to the often
hilarious complications of the story
and to its comedy-fantasy ending,
which makes it one of the season's
funniest and most unusual offer-
ings.

BUY BUILDINGS FOR EXPANSION OF NEW PROCESS

Announcement was made today that the New Process Company has purchased the buildings occupied by the Pickett Hardware Company, consisting of the three-story store building at the corner of Third avenue and Hickory street, as well as the three-story warehouse at the rear of the store building on Third avenue.

The New Process Company has occupied the second and third floors of the store building on a rental basis for the past seven and a half years. The balance of the buildings just acquired will be used by the mail order house for storage and shipping space to take the place of building on Pennsylvania avenue, west, which the company has occupied for some years on a rental basis.

It is thought that the new buildings just acquired, being just across the street from the main mail order plant, will make for greater convenience and economy of operation, company officials said.

TIMES TOPICS

ATTENDS CONVENTION
L. E. Seavy, manager of the Warren County Motor Club, is attending the annual convention of the Pennsylvania Motor Federation which opened at Altoona today.

BUYS GUERNSEY BULL
The American Guernsey Cattle Club, Peterborough, N. H., reports the sale of a registered Guernsey bull by J. Chisholm to Nicholas W. Burk of Columbus, Pa. The animal is Nova Farm's Leader 29025.

SYNOD NAMES OFFICERS
The Rev. Charles A. Ittel, of Pittsburgh, was chosen president of the Pittsburgh synod. Evangelical and Reformed churches, at the close of its convention. Others elected included the Rev. Will S. Fisher, secretary, and the Rev. Victor S. Fisher, Fredonia, treasurer.

MARINES LOWER AGE
The U. S. Marines have lowered their minimum age requirement to 17 years. This will enable young men who are about to graduate from high school, and others, to enlist immediately in either the Reserve or Regular Service. Enrollment in the Reserve is only for the duration of the national emergency, while in the Regulars it is four years.

BUSINESS INDEX
Business activity in the Pittsburgh district has virtually regained the high level reached before the soft coal shutdown, the University of Pittsburgh reported today. The business index stood at 141.6 per cent of the 1923-25 average last week, close to the record set earlier in the year, the bureau said. Steel production returned to capacity operations.

BURN TO DEATH
An Associated Press dispatch reports that Raymond Denninger, 31, and one of his four children, Norman 4, burned to death in a fire destroying their apartment home in Oil City Wednesday night. His wife, Mrs. Margaret Denninger, and the other three children stood helplessly by as flames encircled the two victims.

GO TO PHILA.
Mr. and Mrs. Elmer Schall have moved from Meadville, where the former has been employed for seven years by Talon, Inc., to Philadelphia, where he has accepted a civil service position at the Frankford Arsenal. He is working as a tool maker in the experimental department. Mr. Schall will be remembered as a grandson of the late Mr. and Mrs. J. G. McBride, of Weibank, with whom he spent much of his time as a boy.

GO ON VACATION
Fred Allen and Eddie Cantor, Wednesday night radio rivals at 8 o'clock, will be on vacation at the same time this summer. Each will present the last program before the respite on June 25. The three months that Allen is away from CBS his sponsor is turning over his hour to the Treasury Department for a special series to aid the defense bond campaign, with radio and movie stars donating talent. Cantor's summer replacement has not been announced.

Harry A. Summers, popular director and instructor of the borough schools' instrumental music department, may feel justly proud of the efforts of the more than 200 grade, Beatty and high school students presented in the band and orchestra review heard by a full house in the high school auditorium on Thursday evening.

Presenting the third, second and full 65-piece Dragon Band, the Beatty and 45-piece high school concert orchestra, the exceptionally fine string ensemble and outstanding soloists, the program provided a splendid picture of the musical growth of the students and was representative of the best in instrumental composition.

Featuring the three selections by the third band, comprising the program's first group, was a number by a beginners' flute quartet, David Leidig, Barbara Boynton, Nema Glassman and Helen Claire Hulings.

Four compositions, including a quite difficult overture, were used for the second group, which presented the second orchestra, and the same number for the second band's appearance in the third offering.

Between these, Mr. Summers reminded the audience that a special treat is in store for Tuesday afternoon and evening, June 3, when an ice cream social and band concert will be held on the Beatty school lawn by the School Music Boosters' Club.

Most difficult pieces in the concert orchestra's group were the "Lohengrin" selection by Wagner and the "Bacchante" from Saint-Saens' "Sampson and Delilah". From this instrumentation, two soloists were presented. The first was Miss Patty Smith, playing the finale from Bruch's "D Minor Concerto" as a violin solo, which was exceptionally well interpreted and given with a remarkable technique. The second solo appearance was made by Miss Margaret Bluck, accomplished musician and talented accompanist to the orchestra for the past three years. Her work in Kety's "The Lock and the Dresden Figures" was particularly fine and the orchestral background a work of art.

It was a treat to the audience, also, to hear in this group the string ensemble which has held the state championship for two seasons and only recently was given a superior rating in the national festival at Atlantic City. This selection was the adagio movement from Schubert's "String Quartet, Opus 125, No. 1".

A thrill to old and young was the parting of the curtains on the full uniformed Dragon Band in the final group and sincere tribute was paid the organization for each number, the applause continuing after the final selection and interrupted only by the strains of the national anthem.

What amounted to an ovation greeted the appearance of the 1941 Pennsylvania champion brass trio, Donald Huck, Ralph Farr and Joseph Saraceno, the audience demanding an encore at the close of the competition number "Echoes of the Catskills", when the boys were compelled to take a bow before the program might continue.

Appearing in the band, also, though not as soloists, were Alan Schuler, French horn, and William Loucks, clarinet, who have just returned from appearance with the all-state band at Lock Haven.

Mr. Summers publicly acknowledged his thanks and appreciation to the students both for the co-operation that has been given him and in the progress that has placed Warren High School very definitely on the district and state musical map.

The second solo appearance was made by Miss Margaret Bluck, accomplished musician and talented accompanist to the orchestra for the past three years. Her work in Kety's "The Lock and the Dresden Figures" was particularly fine and the orchestral background a work of art.

It was a treat to the audience, also, to hear in this group the string ensemble which has held the state championship for two seasons and only recently was given a superior rating in the national festival at Atlantic City. This selection was the adagio movement from Schubert's "String Quartet, Opus 125, No. 1".

A thrill to old and young was the parting of the curtains on the full uniformed Dragon Band in the final group and sincere tribute was paid the organization for each number, the applause continuing after the final selection and interrupted only by the strains of the national anthem.

What amounted to an ovation greeted the appearance of the 1941 Pennsylvania champion brass trio, Donald Huck, Ralph Farr and Joseph Saraceno, the audience demanding an encore at the close of the competition number "Echoes of the Catskills", when the boys were compelled to take a bow before the program might continue.

Appearing in the band, also, though not as soloists, were Alan Schuler, French horn, and William Loucks, clarinet, who have just returned from appearance with the all-state band at Lock Haven.

Mr. Summers publicly acknowledged his thanks and appreciation to the students both for the co-operation that has been given him and in the progress that has placed Warren High School very definitely on the district and state musical map.

Between these, Mr. Summers reminded the audience that a special treat is in store for Tuesday afternoon and evening, June 3, when an ice cream social and band concert will be held on the Beatty school lawn by the School Music Boosters' Club.

Most difficult pieces in the concert orchestra's group were the "Lohengrin" selection by Wagner and the "Bacchante" from Saint-Saens' "Sampson and Delilah". From this instrumentation, two soloists were presented. The first was Miss Patty Smith, playing the finale from Bruch's "D Minor Concerto" as a violin solo, which was exceptionally well interpreted and given with a remarkable technique. The second solo appearance was made by Miss Margaret Bluck, accomplished musician and talented accompanist to the orchestra for the past three years. SUSPICIONS OF POLICE AROUSED BY AUTO HERE

A blue Willys sedan containing three men aroused the suspicions of a local resident yesterday afternoon when it stopped in Public Way, near the Commonwealth Laundry.

Frank Magee, who resides nearby, told police that a man got out of the car, went to the rear and took two suitcases out of the trunk. Magee said the man then took a revolver from one of them and placed it in his hip pocket. Police state Magee told them a man in the rear seat of the car also was handling a gun.

Magee gave the police the license number of the car and they in turn notified state motor police and police in neighboring cities. Although a search was made for the car, it had not been found today.

NEW CITIZENS TO BE HONORED HERE ON SUNDAY

Foreign born residents of Warren county who have been naturalized during the past year and American-born residents who have attained their majority during that time will be honored Sunday afternoon at a program to be held at the court house under the sponsorship of the Americanization committee of Warren Lodge, No. 223, B. P. O. Elks.

The exercises will start at four o'clock and will include patriotic addresses, vocal and instrumental music.

The new citizens will gather at the high school at 3.45 o'clock, and from there will be escorted to the court house by the Warren High School band.

Principal speaker for the occasion will be the Rev. Harold C. Warren, pastor of the First Presbyterian church. Vocal selections will be presented by Roger Webster, popular baritone. The high school band also will present selections.

Following the program, the band will escort the new citizens to the Elks Club, where they will be given a buffet lunch.

Addison White, prothonotary, has sent a letter to all new citizens, urging them to attend. The general public also is invited to attend.

BUY BUILDINGS FOR EXPANSION OF NEW PROCESS

Announcement was made today that the New Process Company has purchased the buildings occupied by the Pickett Hardware Company, consisting of the three-story store building at the corner of Third and Hickory streets, as well as the three-story warehouse at the rear of the store building on Third avenue.

The New Process Company has occupied the second and third floors of the store building on a rental basis for the past seven and a half years. The balance of the buildings just acquired will be used by the mail order house for storage and shipping space to take the place of building on Pennsylvania avenue, west, which the company has occupied for some years on a rental basis.

It is thought that the new buildings just acquired, being just across the street from the main mail order plant, will make for greater convenience and economy of operation, company officials said.

The business index stood at 141.6 per cent of the 1923-25 average last week, close to the record set earlier in the year, the bureau said. Steel production returned to capacity operations.

BURN TO DEATH

An Associated Press dispatch reports that Raymond Denninger, 31, and one of his four children, Norman, 4, burned to death in a fire destroying their apartment home in Oil City Wednesday night. His wife, Mrs. Margaret Denninger, and the other three children stood helplessly by as flames entered the two victims.

GO TO PHILA.

Mr. and Mrs. Elmer Schall have moved from Middletown, where the former has been employed for seven years by Talon Inc., to Philadelphia, where he has accepted a civil service position at the Franklin Arsenal. He is working as a tool maker in the experimental department. Mr. Schall will be remembered as a grandson of the late Mr. and Mrs. J. G. McBride, of Weldbank, with whom he spent much of his time as a boy.

GO ON VACATION

Fred Allen and Eddie Cantor, Wednesday night radio rivals at 8 o'clock for listener-attention in comedy, will be on vacation at the same time this summer. Each will present the last program before the respite on June 25. The three months that Allen is away from CBS his sponsor is turning over his hour to the Treasury Department for a special series to aid the defense bond campaign, with radio and movie stars donating talent. Cantor's summer replacement has not been announced.

BUY BUILDINGS FOR EXPANSION OF NEW PROCESS

Announcement was made today that the New Process Company has purchased the buildings occupied by the Pickett Hardware Company, consisting of the three-story store building at the corner of Third avenue and Hickory street, as well as the three-story warehouse at the rear of the store building on Third avenue.

The New Process Company has occupied the second and third floors of the store building on a rental basis for the past seven and a half years. The balance of the buildings just acquired will be used by the mail order house for storage and shipping space to take the place of building on Pennsylvania avenue, west, which the company has occupied for some years on a rental basis.

It is thought that the new buildings just acquired, being just across the street from the main mail order plant, will make for greater convenience and economy of operation, company officials said.

The American Guernsey Cattle Club, Peterborough, N. H., reports the sale of a registered Guernsey bull by J. Chisholm to Nicholas W. Burk of Columbus, Pa. The animal is Nova Farm's Leader 299026.

SYNOD NAMES OFFICERS
The Rev. Charles A. Ittel, of Pittsburgh, was chosen president of the Pittsburgh synod, Evangelical and Reformed churches, at the close of its convention. Others elected included the Rev. Will S. Fisher, secretary, and the Rev. Victor S. Fisher, Fredonia, treasurer.

MARINES LOWER AGE
The U. S. Marines have lowered their minimum age requirement to 17 years. This will enable young men who are about to graduate from high school, and others, to enlist immediately in either the Reserve or Regular Service. Enlistment in the Reserve is only for the duration of the national emergency, while in the Regulars it is four years.

BUSINESS INDEX
Business activity in the Pittsburgh district has virtually regained the high level reached before the soft coal shutdown, the University of Pittsburgh reported today. The business index stood at 141.6 per cent of the 1923-25 average last week, close to the record set earlier in the year, the bureau said. Steel production returned to capacity operations.

The three months that Allen is away from CBS his sponsor is turning over his hour to the Treasury Department for a special series to aid the defense bond campaign, with radio and movie stars donating talent. Cantor's summer replacement has not been announced.

Harry A. Summers, popular director and instructor of the borough schools' instrumental music department, may feel justly proud of the efforts of the more than 200 grade, Beatty and high school students presented in the band and orchestra review heard by a full house in the high school auditorium on Thursday evening.

Presenting the third, second and full 65-piece Dragon Band, the Beatty and 45-piece high school concert orchestra, the exceptionally fine string ensemble and outstanding soloists, the program provided a splendid picture of the musical growth of the students and was representative of the best in instrumental composition.

Featuring the three selections by the third band, comprising the program's first group, was a number by a beginners' flute quartet, David Leidig, Barbara Boynton, Nema Glassman and Helen Claire Huilings.

Four compositions, including a quite difficult overture, were used for the second group, which presented the second orchestra, and the same number for the second band's appearance in the third offering.

Between these, Mr. Summers reminded the audience that a special treat is in store for Tuesday afternoon and evening, June 3, when an ice cream social and band concert will be held on the Beatty school lawn by the School Music Boosters' Club.

Most difficult pieces in the concert orchestra's group were the "Lohengrin" selection by Wagner and the Bacchanale from Saint-Saens' "Sampson and Delilah". From this instrumentation, two soloists were presented. The first was Miss Patty Smith, playing the finale from Bruch's "D Minor Concerto" as a violin solo, which was exceptionally well interpreted and given with a remarkable technique. The second solo appearance was made by Miss Margaret Blick, accomplished musician and talented accompanist to the orchestra for the past three years. Her work in Kety's "The Clock and the Dresden Figures" was particularly fine and the orchestral background a work of art.

It was a treat to the audience, also, to hear in this group the string ensemble which has held the state championship for two seasons and only recently was given a superior rating in the national festival at Atlantic City. This selection was the adagio movement from Schubert's "String Quartet, Opus 125, No. 1".

A thrill to old and young was the parting of the curtains on the full uniformed Dragon Band in the final group and sincere tribute was paid the organization for each number, the applause continuing after the final selection and interrupted only by the strains of the national anthem.

What amounted to an ovation greeted the appearance of the 1941 Pennsylvania champion brass trio, Donald Huck, Ralph Farr and Joseph Saraceno, the audience demanding an encore at the close of the competition number "Echoes of the Catskills", when the boys were compelled to take a bow before the program might continue.

Appearing in the band, also, although not as soloists, were Alan Schuler, French horn, and William Loucks, clarinet, who have just returned from appearance with the all-state band at Lock Haven.

Mr. Summers publicly acknowledged his thanks and appreciation to the students both for the co-operation that has been given him and in the progress that has placed Warren High School very definitely on the district and state musical map.

SUSPICIONS OF POLICE AROUSED BY AUTO HERE

A blue Willys sedan containing three men aroused the suspicions of a local resident yesterday afternoon when it stopped in Public Way, near the Commonwealth Laundry.

Frank Magee, who resides nearby, told police that a man got out of the car, went to the rear and took two suitcases out of the trunk. Magee said the man then took a revolver from one of them and placed it in his hip pocket. Police state Magee told them a man in the rear seat of the car also was handling a gun.

Magee gave the police the license number of the car and they in turn notified state motor police and police in neighboring cities. Although a search was made for the car, it had not been found today.

NEW CITIZENS TO BE HONORED HERE ON SUNDAY

Foreign born residents of Warren county who have been naturalized during the past year and American-born residents who have attained their majority during that time will be honored Sunday afternoon at a program to be held at the court house under the sponsorship of the Americanization committee of Warren Lodge, No. 223, B. P. O. Elks.

The exercises will start at four o'clock and will include patriotic addresses, vocal and instrumental music.

The new citizens will gather at the high school at 3:45 o'clock, and from there will be escorted to the court house by the Warren High School band.

Principal speaker for the occasion will be the Rev. Harold C. Warren, pastor of the First Presbyterian church. Vocal selections will be presented by Roger Webster, popular baritone. The high school band also will present selections.

Following the program, the band will escort the new citizens to the Elks Club, where they will be given a buffet lunch.

Addison White, prothonotary, has sent a letter to all new citizens, urging them to attend. The general public also is invited to attend.

OBITUARY

MRS. ALBERT T. GROSCH

SUSPICIONS OF POLICE AROUSED BY AUTO HERE

A blue Willys sedan containing three men aroused the suspicions of a local resident yesterday afternoon when it stopped in Public Way, near the Commonwealth Laundry.

Frank Magee, who resides nearby, told police that a man got out of the car, went to the rear and took two suitcases out of the trunk. Magee said the man then took a revolver from one of them and placed it in his hip pocket. Police state Magee told them a man in the rear seat of the car also was handling a gun.

Magee gave the police the license number of the car and they in turn notified state motor police and police in neighboring cities. Although a search was made for the car, it had not been found today.

INDUCTING CITIZENS

Every year thousands of men and women who have been residing in this country as aliens, become citizens by naturalization, and this year, according to all reports, the number will be exceptionally large. In Warren county the total of new citizens will number around sixty.

The naturalized citizen is required to learn at least some outline of what it means to be an American citizen while the millions of native-born young men and women who achieve citizenship merely by being born and staying around for twenty-one years often are not even taught these basic elements.

It is something to be a citizen of the United States. The Apostle Paul, arrested in connection with a riot in Jerusalem, was able to tell the centurion proudly, "I am a man . . . of Tarsus . . . a citizen of no mean city," and demanded to be heard.

So the men and women of the United States are citizens of no mean country and they have every reason to wear their citizenship proudly.

So, a few years ago, certain people conceived the idea that this precious citizenship should not be assumed lightly or casually, but with solemnity, with ceremony proportioned to its importance, and after preparation for its responsibilities.

The movement grew, and this spring Citizenship Recognition Day has been more impressive than ever. Observed in many sections the third Sunday in May, as set by Congress in an effort to create a nation-wide ceremonial, exercises were held in hundreds of cities and towns last Sunday.

Because of the late date in holding naturalization court in this county Warren's observance was postponed until Sunday of this week, when a program will be held at the court house at four o'clock to which the public is cordially invited. The exercises are being sponsored by the local Lodge of Elks and will be in keeping with the importance of the occasion, namely, to emphasize the rights and duties implied by becoming "citizens of no mean country."

MUSIC PUPILS SCORE HIT

The annual presentation of the instrumental music department of the borough schools which was enjoyed by a large audience at the high school building last evening proved a surprising and most enjoyable demonstration of the progress music is making in the schools of Warren.

The program which ranged from numbers by grade school pupils having only one semester of training, to spirited tunes by the popular 65-piece Dragon Band garbed in blue and white uniforms, was one that provided the enthusiastic audience with unexpected thrills throughout the entire evening.

One person in the audience, who attended the New Castle state competition, expressed the sentiments of all when he declared "If we had the finances to take the bunch down there, we could excel anything the other schools had to offer."

Repeated ovations given the musicians and their director emphasized the admiration and pleasure of the crowd.

Evidence of the steady and substantial growth of the New Process Company is seen in the announcement that the Pickett Hardware Company building has been acquired to provide space for expansion.

Several more towns in the section have decided to go on fast time, Ridgway, St. Marys and Johnsonburg being the latest to order the clocks changed. They'll all come to it sooner or later.

Friendly tip to prospective Jim Jones. Dishes have to be washed about 1000 times a year.

After all, Congress probably isn't passing any more bills than the rest of us.

The Old World Looks at the New

EDSON IN WASHINGTON

BY PETER EDSON
Times-Mirror Washington Correspondent

Washington, May 23.—Congress is so much in the habit of spending \$100 million here and a few billions there that no one has taken time to figure what this defense effort might cost if it keeps going.

But the Securities and Exchange Commission boys concocted a little chart the other day which has some interesting implications. This chart, showing herewith, makes the closest possible estimate of the percentage of national income spent for national defense by Germany, Japan, the United Kingdom, Canada and the United States.

The obvious question, after taking one look at this chart, is well, why not convert it into dollars? The equally obvious answer is that it can't be done. German exchange rates vary so much that they can't be translated into dollars. Living standards in Japan are so much lower than in any of the other countries that dollar comparisons are out of the question. Wages in the United Kingdom as well as Germany are lower than in the United States so, while \$100 might buy 100 hours of labor in the U. S., it might buy 150 in the U. K. or 200 in Germany.

The United States is probably the only one of the countries that has anything at all resembling accurate statistics on national income. Canada has just recently begun to compute national income, but three different sources give three different estimates. The middle and apparently most accurate being that of the Bank of Nova Scotia which was used for this chart. Great Britain three months ago issued a White Paper with its first estimate of national income putting the figure under eight billion pounds sterling. Japan's figures are so inaccurate they can't be plotted beyond 1939, and for Germany, which hasn't put out beyond 1940, these figures cover only the old Germany, without Austria and the 13 other occupied countries, their tribute and productive capacity.

The figures on which the United States percentage is calculated are interesting. In April, the nation spent about \$760 million on defense. For May it will run about \$820 million. By July 1 we will be spending about a billion dollars a month, or \$12 billion a year. By July 1942 we may be spending \$2 billion a month. The average for the fiscal year, July 1, 1941 to June 30, 1942, will be \$1.5 billion a month, or \$18 billion for the fiscal year. With U. S. national income at \$90 billion for the year, this \$18 billion figures at exactly 20 per cent of national income going for war expenses.

The dollar figures on U. S. defense effort are of course familiar—\$13 billion under contract, \$7 billion more authorized, \$20 billion more being planned—a total of \$40 billion unless the program is again expanded. At \$40 billion of course compares favorably with the \$6 billion marks Germany is supposed to have spent on preparation before she began war. Using the international exchange rate of 2.4 gold marks to the dollar, that makes Germany's expenditure approximately \$57.5 billion, but that covers only the pre-war, pre-defense effort and not the upkeep.

As a purely unofficial calculation, if Germany's national income is now running at 100 billion marks a year (say equal to \$40 billion) and if 60 per cent of her income is going to war expense, she is now spending 60 billion marks a year (the equivalent of

Pitch in with your pencil and see if you can bat out the answers to these tricky questions about baseball.
1. On what hand does a southpaw pitcher wear his glove?
2. What do the Yankees, Dodgers and Giants have in common?
3. Joe DiMaggio, Ernie Lombardi and Charlie Gehring are all champion batters. Give the position played and team of each.
4. Jimmy and Johnny sold refreshments at a local ball game. Jimmy bought 12 bottles of pop at six for a quarter, sold half of them at 10c, the rest at 5c. Johnny made fruit punch, using three lemons, at six for 10c one grapefruit, at four for 26c; six oranges, at 25c a dozen. This made 12 glasses, which he sold for 5c apiece. Which boy made the most profit?

INDUCTING CITIZENS

Every year thousands of men and women who have
been residing in this country as aliens, become citizens
by naturalization, and this year, according to all reports,
the number will be exceptionally large. In Warren
county the total of new citizens will number around
sixty.

The naturalized citizen is required to learn at least
some outline of what it means to be an American citizen
while the millions of native-born young men and women
who achieve citizenship merely by being born and stay-
ing around for twenty-one years often are not even
taught these basic elements.

It is something to be a citizen of the United States.
The Apostle Paul, arrested in connection with a riot in
Jerusalem, was able to tell the centurion proudly, "I am
a man . . . of Tarsus . . . a citizen of no mean city,"
and demanded to be heard.

So the men and women of the United States are
citizens of no mean country and they have every reason
to wear their citizenship proudly.

So, a few years ago, certain people conceived the
idea that this precious citizenship should not be assumed
lightly or casually, but with solemnity, with ceremony
proportioned to its importance, and after preparation
for its responsibilities.

The movement grew, and this spring Citizenship
Recognition Day has been more impressive than ever.
Observed in many sections the third Sunday in May,
as set by Congress in an effort to create a nation-wide
ceremonial, exercises were held in hundreds of cities
and towns last Sunday.

Because of the late date in holding naturalization
court in this county Warren's observance was postponed
until Sunday of this week, when a program will be
held at the court house at four o'clock to which the
public is cordially invited. The exercises are being
sponsored by the local Lodge of Elks and will be in
keeping with the importance of the occasion, namely,
to emphasize the rights and duties implied by becoming
"citizens of no mean country."

MUSIC PUPILS SCORE HIT

The annual presentation of the instrumental music
department of the borough schools which was enjoyed
by a large audience at the high school building last
evening proved a surprising and most enjoyable demon-
stration of the progress music is making in the schools
of Warren.

The program which ranged from numbers by grade
school pupils having only one semester of training, to
spirited tunes by the popular 65-piece Dragon Band
garbed in blue and white uniforms, was one that provided
the enthusiastic audience with unexpected thrills
throughout the entire evening.

One person in the audience, who attended the New
Castle state competition, expressed the sentiments of
all when he declared "If we had the finances to take
the bunch down there, we could excel anything the other
schools had to offer."

Repeated ovations given the musicians and their di-
rector emphasized the admiration and pleasure of the
crowd.

Evidence of the steady and substantial growth of
the New Process Company is seen in the announcement
that the Pickett Hardware Company building has been
acquired to provide space for expansion.

Several more towns in the section have decided to
go on fast time, Ridgway, St. Marys and Johnsonburg
being the latest to order the clocks advanced. They'll
all come to it sooner or later.

Friendly tip to prospective June brides: Dishes have
to be washed about 1000 times a year.

After all, Congress probably isn't passing any more
bills than the rest of us.

The Old World Looks at the New

EDSON IN WASHINGTON

BY PETER EDSON
Times-Mirror Washington
Correspondent

Washington, May 23—Congress
is so much in the habit of spend-
ing \$100 million here and a few
billions there that no one has taken
time to figure what this defense
effort might cost if it keeps going.
But the Securities and Exchange
Commission boys concocted a little
chart the other day which has
some interesting implications. This
chart, shown herewith, makes the
closest possible estimate of the
percentage of national income
spent for national defense by Ger-
many, Japan, the United Kingdom,
Canada and the United States.

The obvious question, after tak-
ing one look at this chart, is well,
why not convert it into dollars? The
equally obvious answer is that it
can't be done. German exchange
rates vary so much that they can't
be translated into dollars. Living
standards in Japan are so much
lower than in any of the other
countries that dollar comparisons
are out of the question. Wages in
the United Kingdom as well as
Germany are lower than in the
United States so, while \$100 might
buy 100 hours of labor in the U. S.,
it might buy 150 in the U. K. or
200 in Germany.

The United States is probably
the only one of the countries that
has anything at all resembling ac-
curate statistics on national in-
come. Canada has just recently
begun to compute national income,
but three different sources give
three different estimates. The
middle and apparently most ac-
curate being that of the Bank of
Nova Scotia, which was used for
this chart. Great Britain three
months ago issued a White Paper
with its first estimates of national
income, putting the figure under
eight billion pounds sterling. Jap-

an's figures are so inaccurate they
can't be plotted beyond 1939, and
for Germany, which hasn't put out
beyond 1940, these figures cover
only the old Germany, without
Austria and the 13 other occupied
countries, their tribute and pro-
ductive capacity.

The figures on which the United
States percentage is calculated are
interesting. In April, the nation
spent about \$760 million on de-
fense. For May it will run about
\$850 million. By July 1 we will be
spending about a billion dollars a
month, or \$12 billion a year. By
July 1942 we may be spending \$2
billion a month. The average for
the fiscal year, July 1, 1941 to
June 30, 1942, will be \$1.5 billion a
month, or \$18 billion for the fiscal
year. With U. S. national income
at \$90 billion for the year, this
\$18 billion figures at exactly 20
per cent of national income going
for war expenses.

The dollar figures on U. S. de-
fense effort are of course fami-
liar—\$13 billion under contract, \$7
billion more authorized, \$20 bil-
lion more being planned—a total
of \$40 billion unless the program
is again expanded. At \$40 billion
of course compares favorably with
the 90 billion marks Germany is
supposed to have spent on prepara-
tion before she began war. Using
the international exchange rate
of 24 gold marks to the dollar,
that makes Germany's expenditure
approximately \$37.5 billion, but
that covers only the pre-war, pre-
parations effort and not the up-
keep.

As a purely unofficial calcula-
tion, if Germany's national income
is now running at 100 billion
marks a year (say equal to \$40
billion) and if 60 per cent of her
income is going to war expense,
she is now spending 60 billion
marks a year (the equivalent of

\$25 billion) on war, and getting
lower labor costs and lower stand-
ards of living. On the same basis,
if the United States were spending
60 per cent of her income on war,
it would be \$54 billion a year in-
stead of the \$12 to \$18 billions we
are currently shelling out.

From all this you are supposed
to gather that the country which
spends more dollars will win the
most planes and the most bombs
and therefore be the eventual
winner.

STORIES IN STAMPS

Europe's War Booms Bolivia's Business

EL POTOSI, 20,289-foot peak
pictured on Bolivia's stamp
above, is the site of a business
boom. War in Europe has in-
creased demand for tin, and mines
on the peak are being worked at
top speed to meet that demand.
One of few nations of the world
to profit by the conflict, Bolivia
produces metals necessary for war
industries. Ninety-eight per cent
of Bolivia's exports are metals, in-
cluding tin, antimony and tung-
sten. Exports for 1940 were al-
most 50 per cent greater than in
1939.

During the period of Spanish
domination of the country, Bolivi-
an mines produced more than \$2
billion in gold. The Spanish con-
sidered tin worthless, and today
the dump heaps they built yield a
large percentage of the nation's
tin output.
The world's search for rubber
also turned attention to Bolivia. Be-
fore 1910, South America's rubber,
including that produced in Bolivia,
was important in world produc-
tion. Later, Far Eastern sources
replaced wild rubber of the west-
ern hemisphere. Now there are
indications that the Latin Ameri-
can industry may regain its for-
mer position, as war menaces the
East Indies.

Company "I" Officer Sends More News of Indiantown Gap Activity

More news of activities at Indiantown Gap Military Reservation is contained in a letter received from Lt. L. L. Logan, of Company I, 112th Infantry, whose interesting description of camp affairs in last Saturday's issue was enjoyed by local residents.

The latest letter says:

"We are being furnished with some real summer days now and we hate to think of what July and August will be like.

"The regiment encountered quite a hike last Friday, as we left camp at 7:30 in the morning and returned at 3:30 p. m. As near as we could figure, the distance covered was 15 miles. The noon mess was served in the field and the chow wagon at 12 o'clock was a grand and glorious sight. The boys in the kitchen provided a very savory meal consisting of spaghetti and meat balls, chocolate pudding, bread and butter and coffee. The Regimental Band met the troops at several places along the road and provided some very peppy march music.

"The officers of the regiment also had their mess in the field and during the time of feeding were serenaded with some excellent swing music by the band and 'Tooker' the pride of the officers' mess demonstrated his ability to swing out in some neat dance steps.

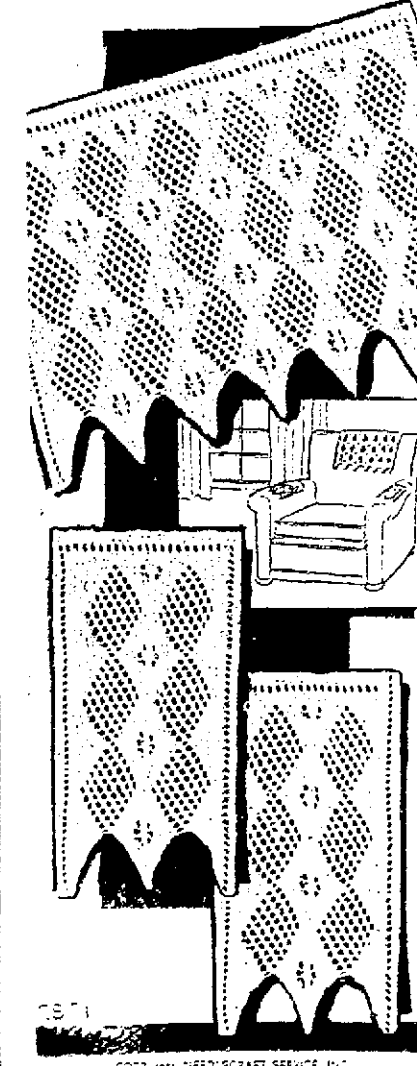

"The hike proved very interesting and no one complained of being tired, although we know that this was due to the pride of Company I. The people of Warren can well feel proud of the group of young men representing their community.

"One of the high spots of the hike was when Sergeant 'Note-Book' Fisher was greatly embarrassed when some of the boys noticed that he had his leggings on the wrong feet. He showed the greatest speed of his career when he changed them over to the proper places.

"Sunday was quite a day for camp visitors as our company had 14 home town folks and the visiting cars could be seen all over the area. We are very glad to see these visitors and hope that the number will increase each weekend. Visitors are always welcome here and we will do our best to accommodate all who are willing to make this trip.

"In the next few days we expect to be on the go a great deal. On Wednesday we go in the field until 3 p. m. to study the combat tactics of the battalion and return to camp for an early supper. At six o'clock in the evening we leave

"It's now 9 p. m. and there was a great commotion in the 2nd Battalion just now. It seems as though the boys haven't been in the service long enough to recognize the larger calls. The leader of the guard just blew a whistle which is the regular 9 p. m. call and someone yelled 'fire call' and the boys all fell out only to look at each other. The cooks even fell in with their fire extinguishers and all stood around searching for the fire.

"They sure looked silly as I stepped out of the office and asked what the formation was for. 'We were greatly surprised this morning at 4:30 when the brigade held a 'roll to arms.' For the benefit of the readers, this is an alert movement with no warning being given. The brigade formation at 5:20 and moved out of camp with combat packs and all the motorized equipment. We were informed that an imaginary enemy had invaded Harrisburg and we were to proceed towards the city and engage them and take the city back.

Pennsylvania Oils Keep Ahead of New Motor Developments

REPORTS COMING FROM AUTOMOTIVE ENGINEER IN DETROIT

OIL CITY, PA.—Important reports are now coming in from the new automotive engineer, Fredric R. Speed, representing the Pennsylvania Grade Crude Oil Association in Detroit. Mr. Speed was recently appointed to this post by the Association's board of directors.

For years the Association has maintained this post to keep members informed of new engineering developments well in

advance of their actual perfection. Hence, whenever new lubricating problems arise, Pennsylvania refiners are ready with the right oils long before the new motors are put into practical operation.

This is just one of many Association services benefiting the public and keeping emblem Pennsylvania Oils in the lead.

For your protection fine oils made from 100% Pure Pennsylvania Grade Crude are entitled to carry this emblem, the registered badge of source, quality, and membership in our Association.

Company "I" Officer Sends More News of Indiantown Gap Activity

More news of activities at Indiantown Gap Military Reservation is contained in a letter received from Lt. L. L. Logan, of Company I, 112th Infantry, whose interesting description of camp affairs in last Saturday's issue was enjoyed by local residents.

The latest letter says: "We are being furnished with some real summer days now and we hate to think of what July and August will be like."

"The regiment encountered quite a hike last Friday, as we left camp at 7:30 in the morning and returned at 3:30 p. m. As near as we could figure, the distance covered was 15 miles. The noon mess was served in the field and the chow wagon at 12 o'clock was a grand and glorious sight. The boys in the kitchen provided a very savory meal consisting of spaghetti and meat balls, chocolate

pudding, bread and butter and coffee. The Regimental Band met the troops at several places along the road and provided some very peppy march music.

"The officers of the regiment also had their mess in the field and during the time of feeding were serenaded with some excellent swing music by the band and 'Tooker' the pride of the officers' mess demonstrated his ability to swing out in some neat dance steps.

"The hike proved very interesting and no one complained of being tired, although we know that this was due to the pride of Company I. The people of Warren can well feel proud of the group of young men representing their community.

"One of the high spots of the hike was when Sergeant 'Note-Book' Fisher was greatly embarrassed when some of the boys noticed that he had his leggings on the wrong feet. He showed the greatest speed of his career when he changed them over to the proper places.

"Sunday was quite a day for camp visitors as our company had 14 home town folks and the visiting cars could be seen all over the area. We are very glad to see these visitors and hope that the number will increase each weekend. Visitors are always welcome here and we will do our best to accommodate all who are willing to make this trip.

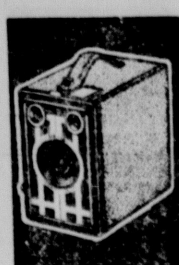

"In the next few days we expect to be on the go a great deal. On Wednesday we go in the field until 3 p. m. to study the combat tactics of the battalion and return to camp for an early supper. At six o'clock in the evening we leave

INDUCTING CITIZENS

Every year thousands of men and women who have been residing in this country as aliens, become citizens by naturalization, and this year, according to all reports, the number will be exceptionally large. In Warren county the total of new citizens will number around sixty.

The naturalized citizen is required to learn at least some outline of what it means to be an American citizen while the millions of native-born young men and women who achieve citizenship merely by being born and staying around for twenty-one years often are not even taught these basic elements.

It is something to be a citizen of the United States. The Apostle Paul, arrested in connection with a riot in Jerusalem, was able to tell the centurion proudly, "I am a man . . . of Tarsus . . . a citizen of no mean city," and demanded to be heard.

So the men and women of the United States are citizens of no mean country and they have every reason to wear their citizenship proudly.

So, a few years ago, certain people conceived the idea that this precious citizenship should not be assumed lightly or casually, but with solemnity, with ceremony proportioned to its importance, and after preparation for its responsibilities.

The movement grew, and this spring Citizenship Recognition Day has been more impressive than ever. Observed in many sections the third Sunday in May, as set by Congress in an effort to create a nation-wide ceremonial, exercises were held in hundreds of cities and towns last Sunday.

Because of the late date in holding naturalization court in this county Warren's observance was postponed until Sunday of this week, when a program will be held at the court house at four o'clock to which the public is cordially invited. The exercises are being sponsored by the local Lodge of Elks and will be in keeping with the importance of the occasion, namely, to emphasize the rights and duties implied by becoming "citizens of no mean country."

MUSIC PUPILS SCORE HIT

The annual presentation of the instrumental music department of the borough schools which was enjoyed by a large audience at the high school building last evening proved a surprising and most enjoyable demonstration of the progress music is making in the schools of Warren.

The program which ranged from numbers by grade school pupils having only one semester of training, to spirited tunes by the popular 65-piece Dragon Band garbed in blue and white uniforms, was one that provided the enthusiastic audience with unexpected thrills throughout the entire evening.

One person in the audience, who attended the New Castle state competition, expressed the sentiments of all when he declared "If we had the finances to take the bunch down there, we could excel anything the other schools had to offer."

Repeated ovations given the musicians and their director emphasized the admiration and pleasure of the crowd.

Evidence of the steady and substantial growth of the New Process Company is seen in the announcement that the Pickett Hardware Company building has been acquired to provide space for expansion.

Several more towns in the section have decided to go on fast time. Ridgway, St. Marys and Johnsonburg being the latest to order the clocks advanced. They'll all come to it sooner or later.

Friendly tip to prospective June brides: Dishes have to be washed about 1000 times a year.

After all, Congress probably isn't passing any more bills than the rest of us.

The Old World Looks at the New

EDSON IN WASHINGTON

BY PETER EDSON
Times-Mirror Washington Correspondent

Washington, May 23.—Congress is so much in the habit of spending \$100 million here and a few billions there that no one has taken time to figure what this defense effort might cost if it keeps going. But the Securities and Exchange Commission boys concocted a little chart the other day which has some interesting implications. This chart, shown herewith, makes the closest possible estimate of the percentage of national income spent for national defense by Germany, Japan, the United Kingdom, Canada and the United States.

The obvious question, after taking one look at this chart, is well, why not convert it into dollars? The equally obvious answer is that it can't be done. German exchange rates vary so much that they can't be translated into dollars. Living standards in Japan are so much lower than in any of the other countries that dollar comparisons are out of the question. Wages in the United Kingdom as well as Germany are lower than in the United States so, while \$100 might buy 100 hours of labor in the U. S., it might buy 150 in the U. K. or 200 in Germany.

The United States is probably the only one of the countries that has anything at all resembling accurate statistics on national income. Canada has just recently begun to compute national income, but three different sources give three different estimates. The middle and apparently most accurate being that of the Bank of Nova Scotia, which was used for this chart. Great Britain three months ago issued a White Paper with its first estimates of national income, putting the figure under eight billion pounds sterling. Japan's figures are so inaccurate they can't be plotted beyond 1939, and for Germany, which hasn't put out beyond 1940, these figures cover only the old Germany, without Austria and the 13 other occupied countries, their tribute and productive capacity.

The figures on which the United States percentage is calculated are interesting. In April, the nation spent about \$760 million on defense. For May it will run about \$850 million. By July 1 we will be spending about a billion dollars a month, or \$12 billion a year. By July 1942 we may be spending \$2 billion a month. The average for the fiscal year, July 1, 1941 to June 30, 1942, will be \$1.5 billion a month, or \$18 billion for the fiscal year. With U. S. national income at \$90 billions for the year, this \$18 billion figures at exactly 20 per cent of national income going for war expenses.

The dollar figures on U. S. defense effort are of course familiar—\$13 billion under contract, \$7 billion more authorized, \$20 billion more being planned—a total of \$40 billions until the program is again expanded / at \$40 billion of course compares favorably with the 90 billion marks Germany is supposed to have spent on preparedness before she began war. Using the international exchange rate of 2.4 gold marks to the dollar, that makes Germany's expenditure approximately \$37.5 billion, but that covers only the pre-war, pre-pareness effort and not the up-keep.

As a purely unofficial calculation, if Germany's national income is now running at 100 billion marks a year (say equal to \$40 billion) and if 60 per cent of her income is going to war expense, she is now spending 60 billion marks a year (the equivalent of

\$25 billion) on war, and getting more for her money because of lower labor costs and lower standards of living. On the same basis, if the United States were spending 60 per cent of her income on war, it would be \$54 billions a year instead of the \$12 to \$18 billions we are currently shelling out.

From all this you are supposed to gather that the country which spends more dollars will build the most planes and the mostest bombs and therefore be the eventual winner.

STORIES IN STAMPS

Europe's War Booms Bolivia's Business

EL POTOSI, 20,289-foot peak pictured on Bolivia's stamp above, is the site of a business boom. War in Europe has increased demand for tin, and mines on the peak are being worked at top speed to meet that demand.

One of few nations of the world to profit by the conflict, Bolivia produces metals necessary for war industries. Ninety-eight per cent of Bolivia's exports are metals, including tin, antimony and tungsten. Exports for 1940 were almost 50 per cent greater than in 1939.

During the period of Spanish domination of the country, Bolivian mines produced more than \$2 billion in gold. The Spanish considered tin worthless, and today the dump heaps they built yield a large percentage of the nation's tin output.

The world's search for rubber also turns attention to Bolivia. Before 1910, South America's rubber, including that produced in Bolivia, was important in world production. Later, Far Eastern sources replaced wild rubber of the western hemisphere. Now there are indications that the Latin American industry may regain its former position, as war menaces the East Indies.

Pitch in with your pencil and see if you can bat out the answers to these tricky questions about baseball.

1. On what hand does a south-paw pitcher wear his glove?
2. What do the Yankees, Dodgers and Giants have in common?
3. Joe DiMaggio, Ernie Lombardi and Charlie Gehringer are all champion batters. Give the position played and team of each.
4. Jimmy and Johnny "Gold" refreshment at a local ball game. Jimmy bought 12 bottles of pop at six for a quarter, sold half of them at 10c, the rest at 5c because sales dropped off. Johnny made fruit punch, using three lemons, at six for 10c one grapefruit, at four for 26c; six oranges, at 25c a dozen. This made 12 glasses, which he sold for 5c apiece. Which way made the most profit?

THREE CHURCHES MAKE PLANS FOR BIBLE SCHOOL

Pastors and other representatives of the First Evangelical, First Methodist and First Baptist churches discussed plans for an interdenominational vacation Bible school for boys and girls in the central section of the borough at a meeting held Wednesday evening.

As in the past three years, the school will be held in the First Baptist church with sessions each morning from 9:00 to 11:30 o'clock. It is planned to start the school Monday, June 9th, and conclude Friday, June 20th.

A carefully graded course has been chosen for pupils from four to eighteen years of age. Trained and experienced workers will be in charge of the four departments, assisted by capable teachers. Recreation periods on the playgrounds or in the church gymnasium will be under the direction of those trained for the work.

A meeting for all interested in the school will be held in the pastor's study of the First Baptist church next Wednesday afternoon at four o'clock. Representatives of other churches are urged to meet with the committee at this time to help complete plans for the Bible school.

POPPY SALE TO BE CONDUCTED HERE TOMORROW

Memorial poppies will make their appearance in Warren tomorrow when members of the Auxiliary of Chief Cornplanter Post, No. 135, American Legion, will conduct their annual sale on the streets of the business section.

The custom of wearing poppies in memory of the World War dead sprang up spontaneously in many parts of the world soon after the close of the war, inspired by the poem, "In Flanders Fields," by Col. John McCrae. First wearing of the poppies in America took place in New York City two days before the signing of the Armistice. The poppy was adopted as the memorial flower of the American Legion in 1920, and similar action was taken at the American Legion Auxiliary's first national convention in 1921.

The American Legion and Auxiliary poppies are made by disabled war veterans in government hospitals and in convalescent workrooms maintained by the Auxiliary. Many hundreds of veterans, unable to do other work, are given employment during the winter and spring months, their annual earnings exceeding \$100,000. This year poppies were made in 81 hospitals and 41 workrooms, with approximately 12,000,000 of the flowers being produced.

In the sale here tomorrow, members of the American Legion Auxiliary and the junior group will distribute the poppies.

METZGER SALE WILL CLOSE ON SATURDAY NIGHT

Saturday is the last day of the Metzger-Wright Company's 45th Anniversary Sale, an event which has proved a greater success than any sale planned and carried out for previous anniversaries, especially from the standpoint of greater values given to customers.

On Saturday morning, 26 additional lilac tickets are to be secreted throughout the store in addition to those previously hidden and not yet found by customers. In all, this will be about 50 of these little tickets which have not yet been located.

They are to be found in all manner of hiding places—in an appliance, in rugs, wallpaper, tucked in a slip, on a dress or coat hanger, in shoes, in quilts and many other places. All the customer finding a ticket has to do is to take it to the stamp desk and receive a gift.

Those who received gifts Thursday were Mrs. Lilly Warr, Mrs. Victor Fladry, Mrs. Warren Borne, Mrs. Charles Musante, Mrs. A. F. Yerg, Mrs. George Juline, Mrs. Alva Seymour, Miss Doris Johnson, Miss Bernadine Smith, Miss Miriam Richardson, Mrs. W. H. Cowden, Mrs. Gertrude Hoose, of Warren; Mrs. Vernon Klingensmith, of Sheffield; Mrs. Paul Pittman, Mrs. N. S. Garber and Mrs. Edna Colvin, of Clarendon.

DeForest Class Is Entertained With Its Annual Banquet

A patriotic theme was carried out last evening in appointments for the annual banquet of the Gerda DeForest Sunday School Class of the First Presbyterian church, held at the Y. W. C. A. activities building.

Used in appointments were red tulips and white lilacs, red, white and blue candles and clusters of flags. Favors were small red, white and blue knitted wristlets to be worn as lapel accessories and place cards were in the form of liberty bells.

On the committee planning this pleasing event were Mrs. John Swick, Mrs. S. H. Rasmussen, Mrs. James Richards, Mrs. Gail Jones and Miss Elizabeth Brasington.

Following dinner, the group was entertained by a comedy enacted by Girl Scouts of Troop 19.

At the close, games were played and the teacher, Mrs. Gerda DeForest, awarded prizes to those having the highest attendance averages during the year. These included:

Mrs. E. D. McLunkin, Mrs. A. F. Dunham, Mrs. John Swick, Mrs. Harry Chinberg, Mrs. S. H. Rasmussen, Mrs. John Mong, Mrs. F. P. McCullough. Among those teaching were Miss Hulda Angermann, Mrs. Floyd Bathurst, Mrs. A. R. Olson, Mrs. William Lafferty and Miss Margaret Ambrose.

Many Events to Occupy Attention Of High Seniors Before Graduation

High school days are numbered for nearly 300 members of the Warren senior class, with distribution of the commencement calendar and instruction sheets covering events which occupy the period between the dinner for the seniors and faculty on May 29 and commencement exercises in the Presbyterian church on June 15, with issuance of final report cards the following day.

In between come the junior-senior prom on May 30, giving out of caps and gowns and commencement tickets on May 31, the baccalaureate service on June 1 and the senior picnic on June 2.

Stress was placed by high school officials today on the necessity for strict attention by the students to the regulations governing arrangements for these activities. The time for securing tickets for each event is particularly important, it is stated.

lary important, it is stated.

The senior dinner, with its accompanying Class Day program, will take place at 6:30 o'clock next Thursday evening at the Y. W. C. A., and tickets must be purchased at the school no later than today.

From nine until one o'clock on the night of Memorial Day, juniors and seniors will dance in the Betty school gymnasium and these tickets are also available at the school office.

The following morning at ten o'clock in the auditorium, caps and gowns will be issued to the Class of 1941 and students are asked to make every effort to be there to try on the apparel. These caps and gowns are rented by the school board and are returned to the

school immediately following commencement exercises for shipment to the owner the next morning.

Another announcement of prime importance to seniors and their families is arrangement for attendance at the commencement exercises, each boy and girl of the class receiving three tickets for the ceremonies. These are to be given out at the school office on Saturday morning, May 31.

Baccalaureate will take place in the Presbyterian church, also, beginning at 7:45 o'clock, and all members must be at the church no later than 7:20. The hour for commencement exercises on Thursday evening will be eight o'clock.

LAST RITES FOR SALVATION ARMY VETERAN HELD

Full Salvation Army honors were conferred upon Mrs. Commandant Jennie Kittle at funeral services in her memory, held at the city hall here yesterday afternoon. Major John Grace of Pittsburgh divisional headquarters, was in charge of the music. Vocal music was provided by Major Violet Fowle and Alice Atkinson, also of the headquarters staff.

Out of town officers who attended and assisted in the services included Major Arthur Wheatley, Oil City; Major Walter Daniels, Erie; Major Nettie White, Jamestown; Major William Osborne, Kane; Captain John Morrison, Corry; Captain Thomas Gorman, Titusville; Captain Ethel Osborne, Kane; Lieutenant Ruth Bippas, Kane; Lieutenant John Ceretti, Titusville, and Lieutenant Dora Bertschi, Oil City.

The Warren Citizens' Advisory Board was well represented by officers and members who attended in a group. They included John G. Rossman, Rev. E. P. Wroth, Mrs. L. E. Chapman, Mrs. A. A. Keller, H. B. Meacham, H. P. Stone and W. D. Todd, Rev. Wroth and Mr. Rossman assisted in the services, as did the corps officers, Major and Mrs. B. E. Flinn.

White military mourning was used in the service and on the march of escort from the city hall in which the local young people's band led the uniformed Salvationists and supplied the music. The march was directed through downtown traffic by members of the Warren Police Department and State Motor Police.

Interment was in Oakland cemetery, where committal services were led by Major Grace. Taps were sounded by Robert Flinn, of the Warren corps band. Bearers were Major Wheatley, Major Osborne, Major Daniels, Captain Morrison, Captain Gorman and Lieutenant Ceretti. Those forming the guard of honor were Mrs. Major Daniels, Lieutenant Ruth Bippas, Lieutenant Dora Bertschi, Mrs. F. M. Morris, Mrs. Goldie Morse, Mrs. Pearl Fellows and Mrs. John Dewalt.

In addition to those already mentioned, those in attendance from out of town included G. Hall Todd, of Niagara Falls, N. Y.; Mr. and Mrs. Paul Graff, of Indiana, Pa.; Mrs. Charles Kuttruff, of Staten Island, N. Y.; and Mrs. L. P. Rogers, Youngsville.

WARREN POLICE ARE GRADUATED AT DINNER HERE

Seven local officers were among a large group who were graduated from the sectional police school at a banquet in the dining room of the Carver Hotel last evening. Chief George Hahn and Captain Ray Eckhardt completed the course this past year. Officers Evan, Munn, Bean, Parks and Musante were graduated from the second year of schooling.

Harold Hampson, local attorney, was the speaker for the occasion, and Burgess Steber was toastmaster.

Mayors from surrounding cities, the borough solicitor, and several councilmen, were among the guests at the graduation ceremonies.

In informed quarters, will continue to maintain a close watch on all aspects of Franco-German "collaboration" and — while no specific action is now contemplated — will be ready to act whenever hemisphere interests warrant.

It was likewise said that there would be no more shipments of food to France or supplies to the French North African colonies until the United States received satisfactory assurances that France would not go beyond the armistice terms in cooperating with Germany.

By the Associated Press

Vichy, France, May 23.—Vice Premier Admiral Jean Darlan told the French people today that Adolf Hitler had not asked France for her fleet in current negotiations and declared firmly: "I will never hand it over."

Nor has Hitler asked for colonial concessions, said the vice premier.

"The chancellor did not ask me to hand over our fleet to him," Darlan asserted in a broadcast. "Everyone knows—and the English better than anyone—that I will never hand it over."

"The chancellor did not ask me for any colonial territory. He did not ask me to declare war on England."

He emphasized that "in June, 1940, the victor could have refused us an armistice, beaten us and wiped France off the map of the world—but he did not do it."

Now, Darlan said, "in May 1941, the victor has agreed to negotiate with the French government."

The vice premier said he had gone to Berchtesgaden to confer with Adolf Hitler at the fuhrer's request, but said that France "freely chooses the road which she has taken."

ENGINEERING TO BE OFFERED TO HIGH GRADUATES

Seniors graduating this year from Warren High School and high schools throughout the county, will have the opportunity to participate in a full-time ten-week day course in Fundamentals of Engineering to be offered here this summer by the Pennsylvania State College under the United States Office of education. The only cost to the student will be not more than \$15.00 for text material and the use of equipment.

This program has as its purpose the training of recent high school graduates in engineering subjects in order that they may aid in the defense effort through industry, ordinance and civil service. The student completing this course should be better able to obtain satisfactory employment, make more rapid advancement after obtaining employment and be in a much better position to further train himself in the future for positions of higher responsibility.

Graduates of a four-year high school, either from the current graduating class or from classes of recent years, are eligible providing they have the necessary prerequisite of at least two years of algebra or algebra and plane geometry and one year of science.

Interested persons should contact F. W. Bathurst, principal of the Warren High School, who will be glad to furnish application blanks or any further information that might be desired. This should be on or before Monday, May 26.

weapon carrier truck in which the soldiers were returning from Gettysburg to headquarters at Big Round Top, at 1:30 a. m. (EST) told Coroner C. G. Christ a car with bright lights forced him off the road.

The automobile struck the truck's left fender, forcing it against some boulders and into a stone fence, he related. All of the soldiers were hurled from the open truck. Nurse said he was unable to obtain a description of the machine.

At Indiantown Gap a board of inquiry composed of Lieutenant Colonel Frederick L. Pond, Captain Herford M. Wood and Captain John Jose, of the medical corps, was appointed to investigate the accident.

The report received at headquarters said the army truck was forced off the road at a curve by a civilian car which did not stop.

I RECOMMEND THE NEW "ANTI-SNEEZE" RINSO TO WOMEN WHO SUFFER FROM "WASHDAY HAY-FEVER."

RINSO DOESN'T CAUSE CLOUDS OF SNEEZY "SOAP-DUST"

says Katharine Baldridge famous home-making expert

"I HIGHLY recommend the New 'Anti-Sneeze' Rinso to women who suffer from 'washday hay-fever' due to 'soap-dust'. I tell them that the New 'Anti-Sneeze' Rinso is 98% free of the 'soap-dust' that causes sneezing. I show my audiences how the New Rinso soaks clothes dazzling white without hard scrubbing or boiling; how it helps keep colors lovely and fresh. I urge them to use the New 'Anti-Sneeze' Rinso for economical, speedy dishwashing, and it's so easy on the hands."

TELEPHONE AND ELECTRIC LINES SUFFER DAMAGE

which visited this section last evening about eight o'clock caused some damage to telephone and electric power lines, but all was repaired by today, officials stated.

The high wind, which accompanied the rain, blew over a tree on the east side of Tidoute and interrupted telephone service for 26 customers for about eight hours. The interruption was caused by the tree blowing on a 50-pair cable of the Bell Telephone Company.

Linemen of the company worked on the cable from about eight o'clock until four o'clock this morning, when the lines were again placed in service.

The Pennsylvania Electric Company reported scattered cases of trouble, principally at Tionesta and at Old Clarendon. However, the damage was not great.

Prien sank the British battleship Royal Oak at Scapa Flow Oct. 14, 1939, when the war was less than two months old, and his feat in raiding a home base of the British fleet won praise even from the British for its daring.

German reports have acknowledged since April 30 that he is missing, but the British have refused to say whether Prien is dead or captured.

Meanwhile, Berlin newspapers reported that Nazi warplanes struck the heaviest blow of the war against Britain's sea power yesterday in an epic battle in the eastern Mediterranean which cost the British four cruisers and "several" destroyers.

GRAND VALLEY MAN IS BADLY HURT BY AUTO

Bert L. Nichols, of near Grand Valley, was struck by a car while walking across an intersection on Diamond street, near East Central avenue, in Titusville last evening, and, according to the Herald, sustained a broken leg and possible fracture of the skull.

The driver, Leslie A. Ewing, told Titusville police Nichols was crossing from the north to the south side of the street at the point of the diamond. He said Nichols apparently misjudged the speed of the car and started to cross in front of it. When he saw he couldn't make it, he started to run, instead of turning back. Ewing said he did not see Nichols until he was a few feet in front of the machine.

Nichols was taken to the Titusville hospital, where it is said his condition is fair.

CASUAL STYLE WITH GAY TONING

PATTERN 4775

by ANNE ADAMS

Spectator sports frocks are a wardrobe list—whether you spend important item on any summer season at home or vacationing. This Anne Adams style, Pattern 4775, is just what you need—it's so casual, smart and young. The bodice is soft and bloused below spirited scalloped yokes. You may cut the neckline high and round or in a cool square. Notice the gay duet arrangement of buttons down the bodice opening. Panels make both the front and back skirt slim and line-perfect; your belt may be soft and front-tied or more tailored and buckled. The small view shows how dashing the yokes and optional cuffs look in contrast, with the sash, half and half. A style you really must have—order it today!

Pattern 4775 is available in misses' and women's sizes 14, 16, 18, 20, 32, 34, 36, 38, 40 and 42. Size 16 takes 3½ yards 35 inch fabric.

LUTHERANS TO CONDUCT DRIVE

Members of the First Lutheran church will have the opportunity of making special gifts on Sunday morning for the creation of a religious ministry among the soldiers and sailors of our country.

Plans call for the establishment of centers near camps where there is not a Lutheran church available to handle religious and social programs. Special pastors will be installed in these centers to care for the work. The funds raised will also help Lutheran chaplains secure needed religious materials not furnished by the government.

A large number of emblem pins, illustrated here, have been received for distribution to persons who give one dollar or more to this cause. Members of the parish who have served in other wars will be at either entrance of the church on Sunday morning to receive the gifts.

LAST RITES FOR SALVATION ARMY VETERAN HELD

Full Salvation Army honors were conferred upon Mrs. Commandant Jennie Kittle at funeral services in her memory, held at the citadel here yesterday afternoon. Major John Grace of Pittsburgh divisional headquarters, was in charge of the music. Vocal music was provided by Major Violet Fowle and Alice Atkinson also of the headquarters staff.

Out of town officers who attended and assisted in the services included Major Arthur Wheatley, Oil City; Major Walter Daniels Erie; Major Nettie White Jamestown; Major William Osborne Kane; Captain John Morrison Corry; Captain Thomas Gorman Titusville; Captain Ethel Osborne Kane; Lieutenant Ruth Bippas Kane; Lieutenant John Corbett Titusville and Lieutenant Dora Bertschi Oil City.

The Warren Citizens' Advisory Board was well represented by officers and members who attended in a group. They included John G. Rosemar, Rev. E. P. Wroth, Mrs. L. E. Chapman, Mrs. A. A. Keller, H. B. Mearham, H. P. Stone and W. D. Todd. Rev. Wroth and Mr. Rosemar assisted in the services, as did the corps officers, Major and Mrs. B. F. Flynn.

White military mourning was used in the service and on the march of escort from the citadel in which the local young people's band led the uniformed Salvationists and supplied the music. The march was directed through downtown traffic by members of the Warren Police Department and State Motor Police.

Interment was in Oakland cemetery, where committal services were led by Major Grace. Tans were sounded by Robert Flynn of the Warren corns band. Bearers were Major Wheatley, Major Osborne, Major Daniels, Captain Morrison, Captain Gorman and Lieutenant Corbett. Those forming the guard of honor were Mrs. Major Daniels, Lieutenant Ruth Bippas, Lieutenant Dora Bertschi, Mrs. M. M. McNehe, Miss Goldie Morse, Miss Pearl Fellows and Mrs. John Dewalt.

In addition to those already mentioned, there in attendance from out of town included G. Hall Todd of Niagara Falls, N. Y.; Mr. and Mrs. Paul Graff of Indiana, Pa.; Mrs. Charles Kuttuff of State Island, N. Y.; and Mrs. L. P. Rogers, Youngsville.

Status of Colonies Is Fixed

(From Page One)

In informed quarters will continue to maintain a close watch on all aspects of Franco-German "collaboration" and — while no specific action is now contemplated — will be ready to act whenever hemisphere interests warrant.

It was likewise said that there would be no more shipments of food to France or supplies to the French North African colonies until the United States received satisfactory assurances that France would not go beyond the armistice terms in cooperating with Germany.

By the Associated Press

Vichy France, May 23.—Vice Premier Admiral Jean Darlan told the French people today that Adolf Hitler had not asked France for her fleet in current negotiations and declared firmly: "I will never hand it over."

Nor has Hitler asked for colonial concessions said the vice premier.

"The chancellor did not ask me to hand over our fleet to him," Darlan asserted in a broadcast. "Everyone knows—and the English better than anyone—that I will never hand it over."

"The chancellor did not ask me for any colonial territory. He did not ask me to declare war on England."

He emphasized that "in June, 1940, the victor could have refused us an armistice beaten us and wiped France off the map of the world—but he did not do it."

Now, Darlan said, "in May 1941, the victor has agreed to negotiate with the French government."

The vice premier said he had gone to Berchtesgaden to confer with Adolf Hitler at the fuhrer's request but said that France "freely chooses the road which she has taken."

ENGINEERING TO BE OFFERED TO HIGH GRADUATES

Seniors graduating this year from Warren High School and high schools throughout the county, will have the opportunity to participate in a full-time ten-week day course in Fundamentals of Engineering to be offered here this summer by the Pennsylvania State College under the United States office of education. The only cost to the student will be not more than \$15.00 for text material and the use of equipment.

This program has as its purpose the training of recent high school graduates in engineering subjects in order that they may aid in the defense effort through industry, ordinance and civil service. The student completing this course should be better able to obtain satisfactory employment, make more rapid advancement after obtaining employment and be in a much better position to further train himself in the future for positions of higher responsibility.

Graduates of a four-year high school, either from the current graduating class or from classes of recent years, are eligible providing they have the necessary prerequisite of at least two years of algebra or algebra and plane geometry and one year of science.

Interested persons should contact F. W. Batiurst, principal of the Warren High School, who will be glad to furnish application blanks or any further information that might be desired. This should be on or before Monday, May 26.

Accident Near Indiantown Gap Is Fatal To Two

weapon carrier truck in which the soldiers were returning from Gettysburg to headquarters at Big Round Top, at 1:30 a. m. (EST) told Corporal C. G. Christ a car with bright lights forced him off the road.

The automobile struck the truck's left fender, forcing it against some boulders and into a stone fence, he related. All of the soldiers were hurled from the open truck. Nurse said he was unable to obtain a description of the machine.

At Indiantown Gap a board of inquiry composed of Lieutenant Colonel Frederick L. Pond, Captain Herford M. Wood and Captain John Jose, of the medical corps, was appointed to investigate the accident.

The report received at headquarters said the army truck was forced off the road at a curve by a civilian car which did not stop.

Many Events to Occupy Attention of Seniors Before Graduation

will be the senior picnic at Midway Park on Chautauque Lake on Monday, June 2, first cars leaving the school about one in the afternoon. The schedule will include swimming, skating and picnic supper at 5:30 and cars leaving the park at 8:30. Tickets for this event should be obtained by May 27.

Scholastic credit for completion of the Civil Aeronautics Administration's civilian pilot training is being offered by 362 colleges and universities.

TELEPHONE AND ELECTRIC LINES SUFFER DAMAGE

which visited this section last evening about eight o'clock caused some damage to telephone and electric power lines, but all was repaired by today, officials stated.

The high wind, which accompanied the rain, blew over a tree on the east side of Tidoute and interrupted telephone service for 26 customers for about eight hours. The interruption was caused by the tree blowing on a 50-pair cable of the Bell Telephone Company.

Linemen of the company worked on the cable from about eight o'clock until four o'clock this morning, when the lines were again placed in service.

The Pennsylvania Electric Company reported scattered cases of trouble, principally at Tionesta and at Old Clarendon. However, the damage was not great.

WEATHER GUESS

Extended weather forecast for the period from May 23 to May 28

Region of the Great Lakes—upper lakes. The temperature will average above normal with rising trend Saturday, Sunday and Monday, followed by cooler at end of period. Precipitation will average light to moderate, occurring mostly as showers toward end of period.

GRAND VALLEY MAN IS BADLY HURT BY AUTO

Bert L. Nichols, of near Grand Valley, was struck by a car while walking across an intersection on Diamond street, near East Central avenue, in Titusville last evening, and, according to the Herald, sustained a broken leg and possible fracture of the skull.

The driver, Leslie A. Ewing, told Titusville police Nichols was crossing from the north to the south side of the street at the point of the diamond. He said Nichols apparently misjudged the speed of the car and crossed in front of it. When he saw he could not make it, he started to run, instead of turning back. Ewing said he did not see Nichols until he was a few feet in front of the machine.

Nichols was taken to the Titusville hospital, where it is said his condition is fair.

WARREN POLICE ARE GRADUATED AT DINNER HERE

Seven local officers were among a large group who were graduated from the sectional police school at a banquet in the dining room of the Carver Hotel last evening.

Chief George Hachin and Captain Ray Eckhardt completed the course this past year. Officers Elvin, Munn, Bean, Parks and Musante were graduated from the second year of schooling.

Harold Hampson local attorney was the speaker for the occasion, and Eugene Steber was toastmaster.

Officers from surrounding cities, the borough solicitor, and several councilmen, were among the guests at the graduation ceremonies.

Errors Spell Defeat Of Forgers By Homestead Grays

Frank Kulick Gives Worthy Performance On Mound But Loses

After a six inning pitcher's duel between "Lefty" Kulick of the National Forge, and Clifford Blackman, right-handed Homestead Grays hurler, the colored stars took advantage of Forge errors and some timely hitting to win a 7 to 1 triumph on Wilder Field in Irvine last night.

Kulick tossed four innings without a hit, only fourteen men facing him over that period. But in the fifth, Easterling, Grays shortstop, belted a double that put "Elmo" Wolfe on his horse. However, Easterling tried to make third, and was thrown out by Wolfe with a pretty heave to Petrowski, who tagged Easterling as he slid into the hot corner.

In the seventh the Grays broke the ice with a run on Cusimano's error. Manager Vic Harris had walked, and then had stolen second. Leonard's grounder, bouncing out into right field, and Harris came in from second base, Leonard holding on at first.

Kulick then fanned Wilson, and Leonard was caught at second base in an attempt to steal on a throw from Bobby Williams, who started behind the bat for the Forgers, to Captain "Emmy" Morrison.

After the Irvine crew went down hitless in the last of the seventh, the Grays hopped on Hank Wise, who relieved Kulick in the eighth after he walked the first batter, as his support fell apart, and scored four runs on four hits and two errors.

Kulick passed Carlisle. Then, with Wise doing the tossing, Gaston fanned, but Partlow, who relieved Blackman on the mound, singled into right scoring Carlisle, who in the meantime had stolen second and third. An error committed by Harry Rosequist fielding Whatley's bunt, let Partlow get to third and Whatley to first. Benjamin singled Partlow home and Whatley went to third on the hit. When Wise tried to nab Benjamin on first base, Hajnik missed the throw and Whatley scored with the fourth run for the Grays, Benjamin going to second. Harris singled to send Benjamin across, and was out at second on the next play which was a fielder's choice.

Wilson then singled and that was all for Wise. Caffrey took over the duties on the hill for Irvine and put the third strike past Easterling to end the hectic inning.

Rosequist sent a fly to Hamilton, who took Manager Harris' place in left field for the Grays, to open the last half of the eighth. Hajnik skied to centerfielder Benjamin, and there were two out. Morrison hit a hot infield single down the third base line which

was stopped by Partlow, but his throw to first was too late to catch "Emmy." Then McKinney, who had taken Dick Giegerich's place in left field for the Forge after Creola pinch hit for the latter in the sixth, slammed out a long triple into right field that rolled through the evergreen fence and brought Morrison home with the lone Irvine run, avoiding an embarrassing shutout.

Gaston singled Carlisle home for the Grays in the ninth after the second baseman had hit a one base knock into right field. Partlow walked and Gaston was out stealing third as he overran the base, Rosequist throwing to Petrowski, who made the putout.

Hamilton lifted a long fly to Wolfe in centerfield after Whatley had been passed, and Partlow scored after the catch to conclude the Grays' scoring. Leonard walked, but Wilson fanned ending the visitors' half of the ninth.

Morrison's crew did nothing in their half and the game ended with the Grays winning, Irvine left eleven men stranded; the Grays failed to bring home six.

SPORT SCATTERINGS

What started out to be a keen pitchers' duel at Irvine ended up in a somewhat ragged fracas which round the National Forge victims of three costly fielding miscues, which paved the way to victory for the Homestead Grays last night at Irvine. However, the game could not be called a failure because there was something interesting happening every minute. There was tragedy, comedy, and some good clean hitting that kept the game attractive to fans through the entire nine innings of play. The tragedy was that "Lefty" Kulick had to be charged with the loss after pitching seven innings and giving up only two hits. The run against him was unearned coming via the first of the three costly errors.

Jerry Benjamin, Grays centerfielder, gave fans a chuckle in his attempt to hunt in the sixth inning. First he missed a pitch entirely, being a good two feet off the range. Then he hit one and was half way down first before he knew that Kulick had caught an easy pop fly to retire him. His actions in getting down that baseline, which can't be described by words, brought the laugh to the crowd.

Three different pitchers, other than the two starters saw mound duty and offered an oddity during the game. For each one struck out the first man to face him after he entered the game.

And it was the first time Harry Rosequist has ever played against the Grays in this vicinity. For seven years they've been scheduled to meet a team on which he played, but this is the first time he ever has succeeded in crossing bats with the famous colored stars, who are now, by the way, leading the National Colored Baseball League with eight wins against two losses.

Strikes and Balls: . . . A sponsor has already been obtained to air the world series next fall. Same one as last year, if you remember . . . Bob Grove, veteran Red Sox hurler, won his 295 victory in major league ball when he whipped the Yanks last week 8 to 4 . . . Paul Derringer has been so wild this year, he has asked Manager Bill McKechnie to let him pitch during batting practice in an effort to recover his control . . . How the Red pitching has fallen off . . . Even Walters looks like a rookie . . . Joe Schultz, Jr., son of the late Joe Schultz, head of the Pittsburgh Pirate farm system, has been up with the Buccos three years in a row now only to be optioned back again to Portland of the Pacific Coast league . . . Dick Kifer, local high school southpaw, has won eight straight this season with no reverses . . . Unofficial records show only 22 hits against him in 41 frames . . . and that he's fanned 59 opposing batters . . . Pretty good. Pony League prospect we'd say . . . Not to mention the commendable hitting this spring of second-baseman Edmiston . . . Those boys possibly could go places if given the chance . . . But that "if" should be spelled with capitals! . . .

BUDDY AND JOE Dodgers Dropped By Cards Again; Yanks Beat Detroit 6-5

By GAYLE TALBOT

Washington, May 23.—(P)—Before a somewhat distinguished capital audience tonight, Joe Louis will play another stop on his "farewell tour" of the heavyweight circuit before he puts away the five-ounce gloves and has himself fitted for an army uniform.

After tonight's bout with Buddy Baer, which will mark the 17th defense of his title, the negro heavyweight champion plans to fight about twice more this summer and then see if he can't rustle himself a commission. He has gained the consent of his managers and plainly is looking forward to his "vacation" from the grind.

The glow of the fight game has faded for Joe. As he sat in another hot basement room yesterday prior to another of the unending rubdowns, he didn't seem to want to talk about tonight's fight. He wanted to talk baseball, or to discuss his next fight with Billy Conn at New York on June 18, as though he could hasten the day.

"It will be good for him to get away for a year," said co-manager Julian Black. "He's decided if his number doesn't come up by fall he'll join up anyway. He'll get a big kick out of it and feel better. I imagine they would want him in the physical training, something like Gene Tunney. He could study up for a commission."

Joe didn't say anything for the moment, just sat there and looked hot. He didn't want to predict that he would score a quick knockout over the younger of the Baer brothers tonight. He said a man couldn't afford to get in too big a hurry in weather like Washington is enduring right now.

Clearly, Joe has no doubt that he will dispose of Baer tonight, clip Conn next month and then knock over either Abe Simon or Lou Nova before looking up a recruiting officer.

Promoter Mike Jacobs, having watched the advance sale for some days, forecast a total gate of \$125,000, which would be terrific for Washington.

"The only trouble," Mike grumbled, "is that most of the guys around here who can afford to buy \$15 seats want passes. Boy, what a list."

New York, May 23.—(P)—Gus Lesnevich had half a hold on half a title today, obtained by a half-hearted victory before half a house last night at Madison Square Garden.

The sturdy Cliffside, N. J., fighter outpointed Anton Christoforidis of Greece, recognized by the N.B.A. as light-heavyweight champion, in a battle of scrambled titles—and now needs only two items to make him undisputed king.

One is the admission of the N. B. A. that the fight was a legitimate title affair, a question brought up by the fact it was held outside N.E.A. territory, and the other is a victory this summer over Jimmy Webb. Should he defeat Webb at would be recognized as champion by the New York Commission.

Lesnevich had an edge over the dancing, left-hooking Greek from the start last night, but at times the margin was as slim as the crowd, which rattled around in the Garden like birdshot in a tin can. Attendance was estimated at 4,000 with receipts around \$12,000.

BY JUDSON BAILEY

Associated Press Sports Writer

The Brooklyn Dodgers, who paraded into the west last week pointing arrogantly to their record as 1940's leading road team in the National League and to their six victories in seven games away from home in the east this year, are slinking back to Flatbush today with a string of tin cans tied to their tails.

They're in the doghouse because of losing six straight at Pittsburgh, Chicago and finally St. Louis, where they handed over the circuit lead to the Cardinals.

However, the Dodgers may yet live down this debacle, and this is a good time to say a word in their defense.

For a few days the whole club was panicky. Everything went wrong and Manager Leo (Lippy) Durocher was as jittery as his players. He changed his batting order, his neckties and his diet daily. Yesterday he arrived at the conclusion many other managers had reached before him—to put his best lineup on the field and to stick to it win lose or draw.

The Dodgers lost again, 7-6, but they are not yet cowed. The Redbirds scored all their runs off Chubby Hugh Casey in the first five innings, four in the second frame, when Don Padgett and Johnny Mize punched out home runs. Yet Brooklyn outnift the Redbirds, 13-11, and went down battling. Dolph Camilli homered in the eighth, and in the ninth the Dodgers hit three doubles and a single to tally three runs and put the tying score on second before succumbing.

The Cincinnati Reds meanwhile took a 6-4 victory from the New York Giants. Ernie Lombardi hit a home run in the first inning with the bases loaded and Frank McCormick pounded his eighth of the season with one on in the third.

The two other National League games were rained out.

The Cleveland Indians edged out the Washington Senators, 4-3, for their seventh triumph in 10 contests in the east.

The Chicago White Sox held determinedly to second place in the American League by whacking the Athletics, 4-1, behind the six-hit hurling of John Rigney.

Bob Muncrief and Jack Kramer combined in a five-hit hurling job for the St. Louis Browns, who beat the Boston Red Sox, 4-1. The hard-hitting Browns, who had lost the day before despite four home runs, linked 10 singles and three doubles to triumph.

This enabled the New York Yankees to advance into third place by capturing their third straight victory. They beat Detroit, 6-5, with Bill Dickey hitting his third home run in four days to clinch the argument in the eighth.

QUALIFY FOR OREN

Pittsburgh, May 23.—(P)—Fifty-eight professionals and 22 amateurs will battle it out over 36 holes at the field club here Monday for the seven tri-state sectional qualifying places for the national open golf championship at Port Worth Texas, early next month.

REISER A RIOT

St. Louis, May 23.—Every opposing team talks about Pete Reiser. The young Brooklyn center fielder's hitting attracts attention. He lays down crafty bunts. He has speed and is a flossy fielder with a strong arm.

GRID DODGERS GET FEHLEY

Raleigh, May 23.—Pat Fehey, North Carolina State College co-captain and fullback of 1940, will join the Brooklyn professional football club this fall.

ALLEY OOP Whence All But Him Had Fled By V. T. HAMLIN

LUTHERANS TO
CONDUCT DRIVE

Members of the First Lutheran church will have the opportunity of making special gifts on Sunday morning for the creation of a religious ministry among the soldiers and sailors of our country.

Plans call for the establishment of centers near camps where there is not a Lutheran church available to handle religious and social programs. Special pastors will be installed in these centers to care for the work. The funds raised will also help Lutheran chaplains secure needed religious material not furnished by the government.

A large number of emblem pins, illustrated here, have been recovered for distribution to persons who give one dollar or more to this cause. Members of the parish who have served in other wars will be at either entrance of the church on Sunday morning to receive the gifts.

DRAGON TRACK CHECK HAS TOP TEAM VICTORS MARK IN ELKS OVER FALCONS COMBINED LOOPS

The Warren High School track team won a practice meet at Falconer last night, piling up 63 2-3 points to 40 1-3 for the Falcons. Warren captured seven firsts in the meet. Don McComas won the mile, Graham, the 120 yard low hurdles, Wright bettered opponents and mates in the high jump, Baldwin copped the broad jump, Allen ran off with the pole vault, Seymour won the shot put, and Blech took first place in the discus throw.

The local relay team was beaten, and the Falcons swept first places in the 100 yard dash, the 220, 440 and 880. Lawson was the winner in the century sprint, clocked at 10.25. No records fell, and Allen's nine foot pole vault was about the only result which neared being outstanding.

The summary:
100 yard dash—Lawson (F), Turner (F), Siliano (W), 10.25; 220 yd. dash—Lawson (F), Groves (F), Check (W), 23.8; 440 yd. run—Lawson (F), Johnson (W), Eskes (F), 37.0; 880 yd. run—Mattocco (F), Wilson and Blair (W), 2.14; mile—McComas, Pief and Morgan (W), 5.16; 120 low hurdles—Graham (W), Swanson (W), and Youngren (F), 14.3; relay—Falconer, 1.39.

High jump—Wright, Pring and Allen (W), 3' 4"; Broad jump—Baldwin (W), Hall (F), Swanson (W), 18' 9"; pole vault—Allen, Wright and Graham (W), 9'. Shot put—Seymour, first; Rydholm, second, and Dickerson, third (W), 38'; discus throw—Blech (W), first, Hall (F), second, and Imperial (W), third, 112' 6".

Ban Soose Manager From Penn'a Rings

Philadelphia, May 23.—(AP)—Action of the state athletic commission in refusing Paul Moss a managerial license apparently will keep his Middleweight Champion Billy Soose out of Pennsylvania rings. Moss said it was taken for granted by those who know Billy and his appreciative nature "that Soose will definitely not break up the relationship by consenting to appear in a state where his manager and friend has been made the victim of such arbitrary and dictatorial treatment."

Soose would be permitted to box in this state if he desires, announced the commission yesterday after unanimously banning Moss for failing to prove or deny statements which the athletic group said he made against Commission Chairman Leon Rains and Commissioner Harvey Boyle.

Sports Round-up

BY EDDIE BRIETZ

New York, May 23.—The order that kept Dizzy Dean on the payroll as coach came direct from the office of P. K. Wrigley. Also, Mr. Wrigley refused to sanction a deal for Billy Herman until he was sure the veteran was going to a club with a good chance of getting into the world series. "Quite a guy, Mr. Wrigley. It's all over the sports pages that Whirlaway is going today in the Peter Pan Handicap, but right up to dawn the insiders were betting the colt doesn't get near the post. When Max West and Gene Moore let a fly ball fall between them the other day in Redland, Casey Stengel stood in front of the dugout where all could see and pasted a piece of adhesive tape across his mouth.

West and Moore got the idea right away. Try This On Your Tie. No two teams in the majors came nearer to a tie in team records last year than Boston and Detroit. Each beat the other 11 times. Boston won six and lost five in Detroit. Detroit won six and lost five in Boston. Each finished with a team batting average of .286. But Detroit won the pennant while Boston tied with Chicago for fourth place.

From Near And Far Mickey Owen must have lost the four-leaf clover his mama sent him to get the Dodgers out of their slump. Auburn and Mississippi State will sign a new four-year football contract any day now.

THE SACRED DAGGER

by Rita Moller HANSEN

YESTERDAY, Pete Mackey and Anne Sherwood were in a desert hotel in Mongolia, sheltering from the storm into which their disabled plane has dropped them. Mackey had been engaged to fly Anne to her father's camp; now she finds that Anne is working with the Prince of Shansi Lun against her father. But she also finds that Anne is a remarkably fascinating young woman.

wood and Anne turned and gazed at each other and slowly began to grin. Anne asked, "Do you suppose she's going home to mother?" "I'll find out." After a parley with the old man he turned back with a laugh. "It's astonishing, but maybe you're right. He says she may go home to her mother for a while or she may sleep in the fold with the sheep, and return in the morning. You see these desert women have more independence than the Mohammedan women of the cities. Mackey groaned and sat up, holding his aching jaw. Sherwood fed him more aspirin.

Chapter Five Life In A Hotel

"THEY are friendly, helpful people," Anne remarked presently. "I thought they might be hostile and turn us away."

"That's the charm of Asia," said Sherwood, "you never know what you'll meet."

They were each given a cup of hot, rich broth. Mackey, his tooth still aching, fell into a restless sleep. Sherwood held a long palaver with the men of the hut and as many of the neighbors as could crowd into the room. Then he turned all the visitors out, looked Mackey over and came and sat down beside Anne.

"I didn't mean to startle you," Anne said.

elongated shape of the eyes of a gazelle. In fact they were Persian eyes. Sherwood told her so. Anne smiled. "Harem eyes. But I don't think I'd be a very pleasant inmate for a harem. I've got too much energy."

"These people fancy you are the one who possesses the harem. They think Mackey and I are both your husbands. That we came from Tibet where polyandry flourishes. They judge Mackey is husband number one because he is the elder, but I—"

"Interesting people," said Anne, looking around the room at the family—an old man, his two sons and their wives. A litter of pups and three healthy grubby children, roses shining in their cheeks, frolicked in the center of the earthen floor.

Fight

ONE of the younger men cuffed one of the women, presumably his own wife, and she began squalling. He knocked her down. Anne glanced at Sherwood. He seemed undisturbed. The woman rose and grabbing a basin of cooked rice from the back of the stove threw it on the floor.

"His supper, I bet," whispered Sherwood. The pups fell on the rice in a snarling, fighting mass. The man tangled his fingers in the woman's hair and began jerking her around. It was too much for Anne. Sherwood caught her arm and held her back.

"Here! Here!" he admonished. "I can't stand it!" she cried. "They'd both turn on you. These people aren't as sensitive to pain as we are. I've seen them barely whimper when their heads were cut open or the flesh scraped from the bones."

Suddenly the woman snatched up a wooden stool and brought it against her husband's ribs with a hearty whack, breaking one of the legs. She had been screaming and he haranguing her all this time. Now he became really impatient, snatched open the door and threw her out into the storm, tossing the damaged stool after her. Those inside heard her crunch off through the snow muttering to herself.

From exhibiting curiosity. Having seen Sherwood give Mackey medicine, the old woman showed him a cut on her arm. He disinfected it and bandaged the wound and gave her a little tablet to swallow for its mental effect.

Anne napped a bit and was aroused by a hand on her wrist. Sherwood was bending over her. She sat up quickly.

"Pardon, I didn't mean to startle you," He dropped down beside her.

"You seem to have a way with women and children," she said, brushing her shining hair back from her forehead.

"I hope so," he grinned, and lowered his voice unconsciously. "I don't like our position here. We're not prisoners exactly but our host is the village headman, and he intends marching us down to Aghar, the capital, tomorrow. White men are not apt to be well received in that robbers' roost though red-headed women are highly prized." It took a moment for that to sink in, then Anne protested.

"But my hair's not red."

"Close enough, I fear—nearer red than black."

"So what?" she demanded. "I don't know," he troubled tones. "Perhaps if you'd seem to become dreadfully ill they'd leave you here with the women. It's a two days' journey."

"It wouldn't be hard to fall sick here," Anne observed.

He smiled at that. "Shall I repeat what these women think of you?"

"Go ahead," though she felt a bit apprehensive at the twinkle in his eyes.

"They think that anybody keeping as clean as you are, must be in very poor health. And they pity you, profoundly, because you have no baby."

"Well," whispered Anne, and then she laughed. "If my college dean of women could hear that!"

"I learned something else," he went on. "The village scandal. Though she's ashamed of the fact and keeps it secret, that woman who was thrown out went to a British mission school in Khotan when she was a child. Perhaps you can talk to her."

Anne rose. "I'll go to the sheep-fold and see if I can find her." She gathered up her possessions and left.

Errors Spell Defeat Of Forgers By Homestead Grays

Frank Kulick Gives Worthy Performance On Mound But Loses

After a six inning pitcher's duel between "Lefty" Kulick of the National Forge, and Clifford Blackman, right-handed Homestead Grays hurler, the colored stars took advantage of Forge errors and some timely hitting to win a 7 to 1 triumph on White Field in Irvine last night.

Kulick tossed four innings without a hit, only fourteen men seeing him over that period. But in the fifth, Easterling, Grays shortstop, belted a double that put "Lefty" Wolfe on his heels. However, Easterling tried to make third, and was thrown out by Wolfe with a pretty heave to Partlow, who tagged Easterling as he slid into the hot corner.

In the seventh the Grays broke the ice with a run on Cushman's error. Manager Vic Harris had walked, and then had stolen second. Leonard's grounder was fumbled by Cushman, bouncing out into right field, and Harris came in from second base. Leonard holding on at first.

Kulick then fanned Wilson, and Leonard was caught at second base in an attempt to steal on a throw from Bobby Williams, who started behind the bat for the Forgers, to Captain "Emmy" Morrison.

After the Irvine crew went down hitless in the last of the seventh, the Grays hoped on Hank Wise, who belted Kulick in the eighth. The new player, the first batter as he stepped into the batter's box, hit a home run on four hits and two errors, thus on four hits and two errors.

Kulick passed Carlisle. Then, with Wise doing the tossing, Gaston fanned, but Partlow, who relieved Blackman on the mound, singled into right scoring Carlisle, who in the meantime had stolen second and third. An error committed by Harry Rosequist fielding Whatley's bunt, let Partlow get to third and Whatley to first. Benjamin singled Partlow home and Whatley went to third on the hit. When Wise tried to nab Benjamin on first base, Hajnik missed the throw and Whatley scored with the fourth run for the Grays. Benjamin going to second. Harris singled to send Benjamin across, and was out at second on the next play which was a fielder's choice.

Wilson then singled and that was all for Wise. Caffrey took over the duties on the hill for Irvine and put the third strike past Easterling to end the hectic inning.

Rosequist sent a fly to Hamilton, who took Manager Harris' place in left field for the Grays, to the last half of the eighth. Hajnik skied to Centerfield Benjamin, and there were two out. Morrison hit a hot infield single down the third base line which

What started out to be a keen pitchers' duel at Irvine ended up in a somewhat ragged fracas which found the National Forge victims of three costly fielding miscues, which paved the way to victory for the Homestead Grays last night at Irvine. However, the game could not be called a failure because there was something interesting happening every minute. There was tragedy, comedy, and some good clean hitting that kept the game attractive to fans through the entire nine innings of play. The tragedy was that "Lefty" Kulick had to be charged with the loss after pitching seven innings and giving up only two hits. The run against him was unearned coming via the first of the three costly errors.

Jerry Benjamin, Grays centerfielder, gave fans a chuckle in his attempt to bunt in the sixth inning. First he missed a pitch entirely, being a good two feet off the range. Then he hit one and was half way down first before he knew that Kulick had caught an easy pop fly to retire him. His actions in getting down that baseline, which can't be described by words, brought the laugh to the crowd.

Three different pitchers, other than the two starters saw mound duty and offered an oddity during the game. For each one struckout the first man to face him after he entered the game.

And it was the first time Harry Rosequist has ever played against the Grays in this vicinity. For seven years they've been scheduled to meet a team on which he played, but this is the first time he ever has succeeded in crossing bats with the famous colored stars, who are now, by the way, leading the National Colored Baseball League with eight wins against two losses.

Strikes and Balls: ... A sponsor has already been obtained to air the world series next fall. ... Same one as last year, if you remember. ... Bob Grove, veteran Red Sox hurler, won his 295 victory in major league ball when he whipped the Yanks last week 8 to 4. ... Paul Derringer has been so wild this year, he has asked Manager Bill McKechnie to let him pitch during batting practice in an effort to recover his control. ... How the Red pitching has fallen off. ... Even Walters looks like a rookie. ... Joe Schultz, Jr. son of the late Joe Schultz, head of the Pittsburgh Pirate farm system, has been up with the Buccos three years and now now only to be optioned back again to Portland of the Pacific Coast league. ... Dick Kifer, local high school southpaw, has won eight straight this season with no reverses. ... Unofficial records show only 22 hits against him in 41 frames. ... and that he's fanned 59 opposing batters. ... Pretty good Pony League prospect we'd say. ... Not to mention the commendable hitting this spring of second-baseman Edmundson. ... Those boys possibly could go places if given the chance. ... But that "if" should be spelled with capitals.

was stopped by Partlow, but his throw to first was too late to catch "Emmy." Then McKinney, who had taken Dick Giegerich's place in left field for the Forge after Creola pinch hit for the latter in the sixth, slammed out a long triple into right field that rolled through the evergreen fence and brought Morrison home with the lone Irvine run, avoiding an embarrassing shutout.

Gaston singled, Carlisle home for the Grays in the ninth after the second baseman had hit a one base knock into right field. Partlow walked and Gaston was out stealing third as he overran the base. Rosequist throwing to Petrowski, who made the putout. Hamilton lifted a long fly to Wolfe in centerfield after Whatley had been passed, and Partlow scored after the catch to conclude the Grays' scoring. Leonard walked, but Wilson fanned ending the visitors' half of the ninth.

Morrison's crew did nothing in their half and the game ended with the Grays winning. Irvine left eleven men stranded; the Grays failed to bring home six.

BUDDY AND JOE Dodgers Dropped By Cards Again; Yanks Beat Detroit 6-5

By GAYLE TALBOT
Washington, May 23.—(P)—Before a somewhat distinguished capital audience tonight, Joe Louis will play another stop on his "farewell tour" of the heavyweight circuit before he puts away the five-ounce gloves and has himself fitted for an army uniform.

After tonight's bout with Buddy Baer, which will mark the 17th defense of his title, the negro heavyweight champion plans to fight about twice more this summer and then see if he can't rustle himself a commission. He has gained the consent of his managers and plainly is looking forward to his "vacation" from the grind.

The glow of the fight game has faded for Joe. As he sat in another hot basement room yesterday prior to another of the unending rube-downs, he didn't seem to want to talk about tonight's fight. He wanted to talk baseball, or to discuss his next fight with Billy Conn at New York on June 18, as though he could hasten the day.

"It will be good for him to get away for a year," said co-manager Julian Black.

"He's decided if his number doesn't come up by fall he'll join up anyway. He'll get a big kick out of it and feel better. I imagine they would want him in the physical training, something like Gene Tunney. He could study up for a commission."

Joe didn't say anything for the moment, just sat there and looked hot. He didn't want to predict that he would score a quick knockout over the younger of the Baer brothers tonight. He said a man couldn't afford to get in too big a hurry in weather like Washington is enduring right now.

Clearly, Joe has no doubt that he will dispose of Baer tonight, clip Conn next month and then knock over either Abe Simon or Lou Nova before looking up a recruiting officer.

Promoter Mike Jacobs, having watched the advance sale for some days, forecast a total gate of \$125,000, which would be terrific for Washington.

"The only trouble," Mike grumbled, "is that most of the guys around here who can afford to buy \$15 seats want passes. Boy, what a list."

Anton Loses Share Of Crown to Gus

New York, May 23.—(P)—Gus Lesnevich had half a hold on a title today, obtained by a half-hearted victory before half a house last night at Madison Square Garden.

The sturdy Cliffside, N. J., fighter outpointed Anton Christoforidis of Greece, recognized by the N.B.A. as light-heavyweight champion, in a battle of scrambled titles—and now needs only two items to make him undisputed king.

One is the admission of the N. B. A. that the fight was a legitimate title affair, a question brought up by the fact it was held outside N.B.A. territory, and the other is a victory this summer over Jimmy Webb. Should he defeat Webb at would be recognized as champion by the New York Commission.

Lesnevich had an edge over the dancing, left-hooking Greek from the start last night, but at times the margin was as slim as the crowd, which rattled around in the Garden like birdshot in a tin can. Attendance was estimated at 4,000 with receipts around \$12,000.

BY JUDSON BAILEY

Associated Press Sports Writer
The Brooklyn Dodgers, who paraded into the west last week pointing arrogantly to their record as 1940's leading road team in the National League and to their six victories in seven games away from home in the east this year, are sinking back to Flatbush today with a string of tin cans tied to their tails.

They're in the doghouse because of losing six straight at Pittsburgh, Chicago and finally St. Louis, where they handed over the circuit lead to the Cardinals.

However, the Dodgers may yet live down this debacle, and this is a good time to say a word in their defense.

For a few days the whole club was panicky. Everything went wrong and Manager Leo (Lippy) Durocher was as jittery as his players. He changed his batting order, his neckties and his diet daily. Yesterday he arrived at the conclusion many other managers had reached before him—to put his best lineup on the field and to stick to it win lose or draw.

The Dodgers lost again, 7-6, but they are not yet cowed. The Red birds scored all their runs off Chubby Hugh Casey in the first five innings; four in the second frame, when Don Padgett and Johnny Mize punched out home runs. Yet Brooklyn outbit the Redbirds, 13-11, and went down batting. Dolph Camilli homered in the eighth, and in the ninth the Dodgers hit three doubles and a single to tally three runs and put the tying score on second before succumbing.

The Cincinnati Reds meanwhile took a 6-4 victory from the New York Giants. Ernie Lombardi hit a home run in the first inning with the bases loaded and Frank McCormick pounded his eighth of the season with one on in the third.

The two other National League games were rained out.

The Cleveland Indians edged out the Washington Senators, 4-3, for their seventh triumph in 10 contests in the east.

The Chicago White Sox held determinedly to second place in the American League by whacking the Athletics, 4-1, behind the six-hit hunting of John Rigney.

Bob Munier and Jack Kramer combined in a five-hit hurling job for the St. Louis Browns, who beat the Boston Red Sox, 4-1. The hard-hitting Browns, who had lost the day before despite four home runs, linked 10 singles and three doubles to triumph.

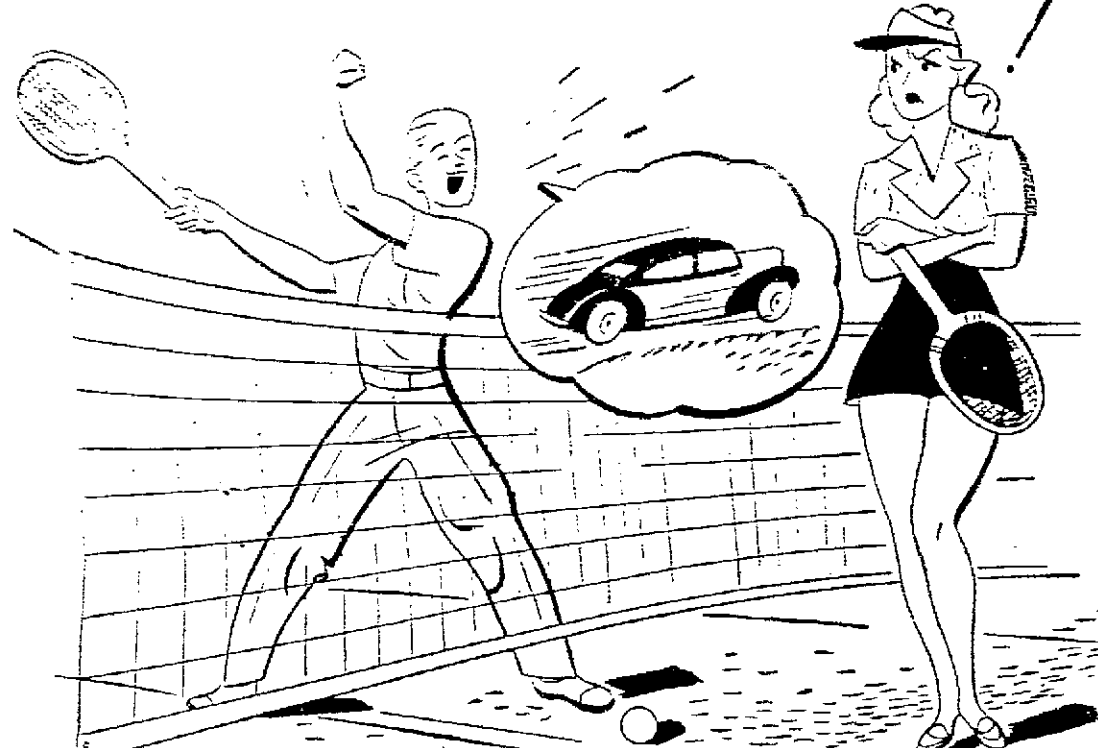

This enabled the New York Yankees to advance into third place by capturing their third straight victory. They beat Detroit, 6-5, with Bill Dickey hitting his third home run in four days to clinch the argument in the eighth.

QUALIFY FOR OREN
Pittsburgh, May 23.—(P)—Fifty-eight professionals and 22 amateurs will battle it out over 36 holes at the field club here Monday for the seven tri-state sectional qualifying places for the national open golf championship at Fort Worth Texas, early next month.

REISER A RIOT
St. Louis, May 23.—Every opposing team talks about Pete Reiser. The young Brooklyn center fielder's hitting attracts attention. He lays down crafty bunts. He has speed and is a flossy fielder with a strong arm.

GRID DODGERS GET FEHLEY
Raleigh, May 23.—Pat Fehey, North Carolina State College co-captain and fullback of 1940, will join the Brooklyn professional football club this fall.

NAME OFFICERS OF P. T. A. GROUP AT YOUNGSVILLE

Youngsville, May 22.—The following officers were elected Tuesday evening at the final meeting of the Youngsville Parent Teachers Association for this school year: President, Mrs. Floyd Conklyn; vice president, Mrs. Verne Jones; secretary, Miss Jane Matern and treasurer, J. V. Passaro.

Mrs. Oscar Johnson, retiring president, presided at the business session and also installed the officers for the coming year.

A report showed that the cafeteria had been very successful this year. This is a Parent-Teachers Association project.

The dramatic class of the high school under the direction of their teacher, Miss Elizabeth Bittie, pleased with a one act playlet, "The Winner," a college romance presented in a humorous manner with following cast: Prof. L. D. Horton, Donald Haupin; Connie, his daughter, Phyllis Carr; Myrtle, his wife, Bernice McIntyre; Curtis McIntosh, a young college instructor, Vernon Jones.

The closing feature of the program was a talk by Supervising Principal Paul Gettis with his theme, "Overcoming Limitations in Learning," illustrated by films shown on the recently purchased moving picture projector and address system. This was purchased co-operatively by the Student Council of the high school and the school board.

The picture showed how many field of education could be made much clearer by the use of educational films.

Announcement was made that the Parent-Teachers Association is purchasing an educational film for use in the local high school and later to be used as Youngsville High School's contribution to a lending library for educational films. This is a co-operative project which gives each school, who become members by contributing an educational film, the use of all films in the library.

LOCALS

Mrs. R. R. Merrill and son Robert are for the present at 23 Parker avenue, Towanda, Pa., where they were called by the illness of Mrs. Merrill's father.

Mrs. W. W. Ewing entertained her class in Sunday school recently at a tureen luncheon at her home. The group of girls enjoyed a merry evening.

Mrs. Mattie Preece is a patient at the Warren hospital following a fall earlier in the week. It is reported no bones were broken.

Committees are meeting at 7:30 Friday evening in the United Brethren church to plan for a Union June Vacation Bible school. The Violet Circle met Tuesday afternoon with Mrs. A. M. Stickles.

The local Red Cross report that material is now here for the making of small Red Cross dresses.

A feature of the Sunday morning service at the Methodist church will be a memorial to members who have died during the year.

Ashville at North Warren Tomorrow

The State Hospital baseball team will open its season on the hospital diamond tomorrow afternoon when Ashville, N. Y., Chautauqua county Class A champions, clash with the Gardner-Swanson combine at 2:30 o'clock.

Veterans and some new faces are both found in the Hospital lineup this year. The roster includes: Wynn Jewell, Mike Solock, Rose, Martell, Brown, Irwin, Wesley, Cannon, Jensen, Huffman, Clawson, Murphy, Wolfe, Klepp, Turpie, Delman and "Rabbit" Swanson.

No starting lineup has been decided upon.

(From Page Eleven)

"Though your pitching's not so hot.
"You can have a coaching spot."
"Thanks a million, Mr. Gallagher."
"You are welcome, Mr. Dean."
—Willie London.

Personal Column

Willbur Shaw, three-time winner of the Indianapolis 500-mile race, flew in last night long enough to appear on Major Bowes' amateur hour... Mrs. Bucky Walters went under the knife for appendicitis yesterday in Cincinnati... This is no key-hole column, but while on the subject of ball players and their wives, we may as well report that Mr. and Mrs. Martin Marion (he's the Cardinal shortstop) are expecting... Tommy (T. Suffer) Taylor, the socialite golfer, has been made a sergeant at Fort Dix and his pay promoted to \$60 per

month... Buster Crabbe, male star of the touring ice follies, is toying with the idea of organizing his own water carnival next season.

Today's Guest Star

Howard Roberts, Chicago Daily News: "There was no joy in Flat-bush last night... The mighty Casey couldn't strike anybody out... Worse than that, he couldn't get anybody out."

The Big Dispute

Last winter a lot of words were tossed about as to the respective salaries of the Messrs. Bob Feller and Buck Newsom... Right now the chief difference appears to be that Feller is earning his.

LOBSTER CATCH

The yearly catch of lobster off the New England coast amounts to 11,000,000 pounds now as compared to, about 30,000,000 pounds at the turn of the century. The present annual catch has a valuation of \$2,500,000.

off this afternoon by coming in at 3:45. "Every member of the company had a taste of tear gas this morning as we went through the gas chamber. We also found out if our gas masks were properly fitted and several of the boys put on quite a crying act. But it was all over in a few minutes as this type of gas has no ill effects."

Find of a Lifetime

"In two special instances we used San-Cura Ointment and discovered it to be the 'find of a lifetime,'" writes Mrs. E. F. Linke, 1514 W. 55th Street, Chicago. Antiseptic San-Cura Ointment soothes and aids in healing minor sores, cuts, burns, itching piles and irritated skin. 35c and 60c at all drug stores.

Russell

Russell, May 23.—The Women's Benefit Association will hold its regular meeting next Monday evening with Mrs. Mabel Sechrist at Akeley. The picnic dinner as planned for Wednesday at the home of Mrs. Burt Fox has been postponed until in June.

The Ladies' Aid Circle met at the church Wednesday afternoon with the president, Mrs. Ver Milne, presiding. Mrs. Kate Sadler led devotionals. It was reported that \$30.46 had been taken in from the rummage sale held recently at Warren. Mrs. Alice Moll gave a reading from the W. S. C.

S. magazine. The committee, Mrs. Pearson, Mrs. Ver Milne and Mrs. Fred Thompson, served refreshments. Mr. and Mrs. Jay Wiltzie visited Rev. and Mrs. Pardee at Fredonia Sunday.

AIDED

Surgeons grafted pupils from the eye of an animal to the optic nerve of a boy who was born without pupils 25 years ago. The boy Frank Bentz, since has been graduated from the University of Wisconsin Law School.

Gross revenue during the month of January from the nation-wide air express service showed a 27.5 per cent gain over the same month in 1940.

HURT IN FALL

Mrs. Marian Nelson, 62, of R. D.
1, Warren, is in the Warren Gen-
eral Hospital with back injuries
sustained about ten o'clock this
morning when she fell from a step-
ladder at the home of H. D. Hubbs,
108 West Third avenue, where she
is employed as a domestic. X-rays
were taken to determine the ex-
tent of her injuries. Her condi-
tion is good.

Three Dead In Severe
Storms In Pennsylvania

(From Page One)
The Monongahela river, crushing
to death John Adler, 45, the oth-
ers were injured.

The wind ripped a tower roof
off an old building used as a city
garage in downtown Pittsburgh,
and sent the wreckage crashing
down on a half dozen automobiles.
On a bank of the Allegheny river
across the way, three tent shows
of a traveling circus were flat-
tened and a circus wagon over-
turned.

Elsewhere about Pittsburgh and
suburbs windows were smashed,
power lines blown down, and two
houses were shifted from their
foundations.

A bolt of lightning killed Patsy
Joseph Dent, a Carbon county, last
night, and brother-in-law of State Sen-
ator John H. Dent, while he was
fishing in Mill Run near Water-
ford, Westmoreland county.

Dent's companion, John Octave,
32, had reached their automobile
when the storm broke. Looking
back he saw smoke rising from
the woods and returned to find
Dent's body under a tree which the
lightning had shattered.

The other storm victim was Geo.
Dudak, 65, killed by lightning at
Lansford, Carbon county, last
night. In addition, Thomas Mc-
Devitt, 11-year-old schoolboy,
drowned in the Schuylkill river at
Philadelphia.

Temperatures ranged from 90
at Pittsburgh to 97 at Easton—
the hottest May 22 on record
there. Philadelphia's 94 degrees
broke a 30-year record.

Dems Abandon Fight to
Boost Compensations

(From Page One)
"The subject is dead," said Sen-
ator Harry Shapiro (D-Penn.),
minority floor leader in the Sen-
ate.

Shapiro declared Senator Henry
I. Wilson, author of the 1939 act
and chairman of the Senate com-
mittee, "is unfit to handle the sub-
ject." He charged Senator Wil-
son approached the compensation
topic from the viewpoint of the
employer and not the employee.

The Wilson act of 1939 set up
new benefits which the Republi-
cans said struck a medium be-
tween the higher Democratic-pro-
posed rates of 1937 and those of
the original act of 1915.

Rep. Leo A. Achtemeier (D-
Monroe), the majority floor lead-
er, said these bills would be pass-
ed by the House next week but
he indicated he "fully expected"
them to "die" in the Republican-
controlled Senate.

Strike At Ship-
Yard Is Probed

(From Page One)
had been receiving \$1.25 an hour
struck for a 25-cent increase and
"better working conditions".

Another walkout occurred at
the Allis-Chalmers Manufacturing
Company plant at La. Porte, Ind.,
where \$5,000,000 worth of air-
craft mounts are under con-
struction. It was reported the
walkout was in protest to dismis-
sal of three stewards.

Overwhelming Vote for
CIO In Ford Election

(From Page One)
layoffs and rehiring" and "vac-
ations with pay."

Michael F. Widman, Jr., who
headed the union's Ford organiza-
tional drive, predicted that "with-
in a few days practically all the
Ford workers who voted for the
AFL or no union will be CIO
members now that this overwhelm-
ing vote has shown that the UAW-
CIO is indisputably the choice of
the vast majority."

Harry H. Bennett, Ford person-
nel director, termed the vote "a
great victory for the Communist
party, Gov. Murray, Van Wagner
and the National Labor Relations
Board."

"The law provides that we must
live with them, and we never vi-
olate the law," he added.

Final unofficial figures gave the
union almost 75 per cent of the
Rouge plant vote and more than
73 per cent of the Lincoln plant
vote. Following are the totals and
percentages:

Rouge—UAW-CIO, 51,866 (69.91
per cent); American Federation of
Labor Federal Union, 20,364
(27.45 per cent); no union, 1,958
(2.64 per cent); challenged, 3,492.
Lincoln—UAW-CIO, 2,008 (73.24
per cent); AFL Federal Union,
587 (21.43 per cent); no union, 146
(5.33 per cent); challenged, 181.

Neither the company nor the
union have revealed present Ford
wage rates, but Bennett last week
said raises totaling \$13,600,000 had
been granted some 53,024 hourly
workers since Jan. 1.

ANNOUNCEMENTS ARE
EXPECTED IN BERLIN

Berlin, May 23.—(P)—The Ger-
man press and radio obviously are
preparing the German people for
important announcements regard-
ing Crete.

Nothing much has been made
known except unofficial statements
that an air-borne invasion was un-
der way.

Hints dropped in responsible
quarters indicated that whatever
statements were coming would be
pleasing to the Reich.

Berlin newspapers published ar-
ticles about the Greek island and
there was speculation on the
island's military importance.

WEALTHY COLLEGE BOY
UP FOR EXAMINATION

Philadelphia, May 23.—(P)—Se-
lective service officials summoned
John T. Dorrance, Jr., one of
America's wealthiest college boys,
for final physical examination to-
day.

If accepted, the Princeton stu-
dent will be drafted into Uncle
Sam's army at \$21 a month. His
income now is about \$200 a
month from the \$150,000,000
Campbell soup fortune.

FRENCH COLONEL JOINS
ON SIDE OF BRITISH

Jerusalem, Palestine, May 22.—
(Delayed)—(P)—A French colonel
with "a number of his officers and
men" have crossed from Syria into
Palestine to join "Free French"
forces at the side of the British.
It was reliably reported today.

The leader of the group was
identified as Colonel Collet. French
military commander and creator of
the famed Circassian squadron.

Terrific Battle Is
Waging Between The
Fleet And Bombers

(From Page One)
disclosed, but it presumably oc-
curred in the waters around Crete,
where Prime Minister Churchill
yesterday said the British fleet had
attacked a convoy of 30 ships en-
route to the embattled island.

It was the second successive day
of hard naval-air fighting in the
eastern Mediterranean and the
Germans now claim to have de-
stroyed or damaged two battle-
ships, 10 cruisers and an undis-
closed number of destroyers.

These losses, the German press
declared, "weakened the fighting
ability of Britain's Mediterranean
fleet considerably."

At sea, the German radio claimed
that Nazi U-boats operating in the
north and middle Atlantic had sunk
110,300 tons of ships in recent days.
On the North African front, the
Germans said Axis siege forces had
tightened their ring around the
British garrison at Tobruk, Libya,
50 miles from the Egyptian fron-
tier.

Following intensive artillery bom-
bardment, the Nazis said, Axis
shock troops knifed through barbed-
wire entanglements, removed land-
mines and opened approaches to
several casemates in Tobruk's outer
defenses.

In the Middle East battle zone,
London reports said Iraq troops
had launched an attack on British-
captured Fallujah, 40 miles west of
Baghdad, the Iraq capital, and pen-
etrated the town.
